

The University of Montana - American Indian Science & Engineering Society (AISES) Chapter

Presents

2007 Region 1 AISES Conference

March 16-17 – Friday/Saturday
University Center 3rd Floor
Starts at 8am both days

U of M students, as well as the greater community at large, will have the opportunity to hear speakers discussing issues affecting Native Americans in Science as well as how Tribal communities are working to solve environmental and natural resource issues. This event will provide attendees with the opportunity to experience different cultural views and issues in science

Topics Include

Mentoring and Outreach
Genetics and Cultural Ethics
Traditional Ecological Knowledge

Registration Fee - \$35 (fee covers all conference materials, the banquet on March 16, Continental breakfast on March 16 and 17, and all entertainment events offered at the conference)

Registration open to general public
