- ASUM Legal Services STIP Request for $1270. B and F recommends $1270.  
  Request is approved at $1270.
  Request is approved at $602.
- Pre-Physical Therapy Club line item change, to move funds into line item 62102.
  Line item change is to fund an honorarium
  VP Welch: These funds were allocated by last year’s Senate, which did choose to fund honorariums during final budgeting
  This group has attempted multiple times to fund the honorarium
  The motion fails, 9Y-9N. 2/3 vote was required to overturn the decision of B and F

Committee Reports

- Pease: J. Doe met on Friday at 3:30. SAAW week is in progress
- Belcher: UPC will meet on Friday to talk about communities of excellence and strategic budget model. Director of summer candidate will be on campus next week.
  UPC has met multiple times this semester and discussed communities of excellence, which will be led by campus nominees. Those nominations will be discussed on Friday.
  The revenue will be split between the University and the OPM company for the services they provide, which are administrative costs not covered by the University. UM will manage curriculum, etc, but OPM will help manage tech support, infrastructure, and recruiting, etc. They only receive partial tuition dollars from online credits. This allows the university to spend more of the rest of its money to benefit on-campus students.
  Tuition amounts would still be different for in-state vs out-of-state students. UM still has the final say and the contract is yet to be drafted
- BM Schafer: Publications board met to approve the budget and choose Kaimin editor and business manager. Will attend next Senate meeting.
  Kaimin editor-in-chief is Cassidy Alexander and business manager is the same as last year, Patrick Boise
  Radio Board when2meet has been sent out to interview KBGA general manager candidates
  Research and Creative Scholarship deadline for Spring applications is April 15th
  Final Budgeting work group will continue to meet
• Hanley: Relations and Affairs will meet on Friday at 5. Transportation will meet at 1 on Friday to discuss Gold line long-term. Dean of DHC search committee has picked 4 finalists. There will be a pizza party with finalist Ashby Kinch tomorrow at 11:45. Other finalists’ dates and forum times are available on the search committee website.

• Corkish: Sustainaganza is April 22nd. Campus conversation report should be available soon.

• Parsons: Legal board will meet this week to finalize fee structure. ASCRC met to discuss the English department. SIO search committee has received all applications.

• Davis: Marketing and Outreach will be working on elections next week. Will meet tomorrow in the ASUM office to schedule everything. President Bodnar has made a video to promote voting. Vote goats may be present.

• Anderson: Childcare is meeting on Tuesday at 8 am. Graduate council met today and will choose their scholarship recipient next week. Sports Union met last night. J. Doe SAW bake sale will be on Friday in the UC atrium.

• Parsons: Sports Union decided to wait on elections until next semester.

• VP Welch: All senate reflections and committee reflections are due by next Friday at 5 pm. If you are on an active University committee, it would be helpful to include information about those, too.

• Nelson: University Library Committee met on Monday. May bring back its author recognition award. Concerns about unstable funding and a lack of a permanent dean continue. Gen Ed also met today to discuss what they will bring to Faculty Senate. Approved a new course for the ethics requirement about philosophy and neuroscience.

• Flanagan: Still working on new website update with UC Marketing director. Hope to organize a meeting with the executives.

Unfinished Business

• SB49-18/19: Resolution Regarding ASUM Support for OER Initiatives at the University of Montana
  o Schei: Friendly amendments: strike lines 22 and 23. Amend MUS to replace with “Treasure State Academic Information and Library Services consortium.” Also change language to reflect that an OER coordinator has been hired.
  o Hopes that this resolution will help emphasize that students care about OER and want UM to pursue more opportunities.
  o Parsons: Move to add a space after line 36. Friendly.
  o Corkish: Interested in another therefore clause encouraging faculty to adopt OER in their classrooms
  o Corkish: Motion to add “Therefore, Let It Be Further Resolved, That ASUM requests faculty to work towards implementing OER in their classrooms” to line 38. Seconded by Johnston.
    ▪ Anderson: Thinks that faculty senate should request faculty do this, not ASUM
    ▪ Hanley: Move to amend the amendment to replace “request” with “encourage”. Friendly.
    ▪ BM Schafer: Add (ASUM) in line 36. Friendly.
• Butler: Thinks that a general recommendation is good, but doesn’t want a specific request of faculty senate at this time without knowing what they’re doing
• Amendment fails.
  o BM Schafer: Move to add (ASUM) in line 35.
  o Resolution passes 15Y-3N-0A.
• SB51-18/19: Resolution Regarding Traveling Allocation Funding During Final Budgeting
  o Nelson: Authorship. This resolution is not trying to remove funding, just to allocate funds to the appropriate accounts. The way Senate was funding was violating fiscal policy. Believes that this will increase equity in student group funding.
  o Resolution passes 17Y-0N-0A.
• SB52A-18/19: Resolution Regarding Minimum Deposits into the Special and Travel Allocation Accounts
  o BM Schafer: This resolution was divided in committee. They are about different accounts, so they were separated into 2.
  o Hanley: Current account minimums are insufficient. When we increase the account values, we still spend the full amounts, so the baselines should be increased.
  o Butler: Capitalize Fiscal Policy and Special Allocations throughout. Friendly.
  o Corkish: Change “increase” to “increased” in line 21. Friendly.
  o Hanley: This increase helps make the account more sufficient but still maintains some discretion for the Senate.
  o Anderson: Move to amend “forwarded to:” to “sent to”. Friendly.
  o Butler: Move to strike semicolon and insert “and” in line 31. Friendly.
  o Belcher: Move to strike and in line 31 and add Kenzie Carter, SGRC coordinator. Friendly.
  o Resolution passes 16Y-1N-0A.
• SB52B-18/19: Resolution Regarding Minimum Deposits into the Special and Travel Allocation Accounts
  o BM Schafer: Slate of grammatical amendments made friendly.
  o Resolution passes 16Y-2N-0A.

New Business
• Hanley: Resolution Regarding the Timeline of Final Budgeting in Sections 9.8-9.10 of Fiscal Policy, to be sent to Budget and Finance
• BM Schafer: Resolution Regarding Student Group General Operating Budget Requests in Fall, to be sent to Budget and Finance
• Butler: Resolution Regarding Board of Regents Policy Change, to be sent to Relations and Affairs
• Butler: Resolution Regarding Personnel Policy Change, to be sent to Relations and Affairs

Comments
Motion to adjourn by Schei. Unanimous. Meeting adjourned at 9:07 pm.
