The Associated Students of the University of Montana
Resolution Reviewing and Responding to APASP Report and Recommendations
December 3, 2017
SB??-17/18

Authored by: Abbigail Belcher, ASUM Senator; Alex Butler, ASUM Senator; and Daisy Ward, ASUM Senator;

Sponsored by: Mariah Welch, ASUM Senator;

Whereas, The Associated Students of the University of Montana (ASUM) represents approximately 12,000 students across the University of Montana;

Whereas, Students at the University of Montana generally value transparency, communication, and inclusion in significant university processes;

Whereas, Academic Programs and Administrative Services Prioritization (APASP) is a strategic budgeting process meant to mitigate legislative cuts, declining enrollment, and a lack of conclusive data about the overall status of programs at the University of Montana;

Whereas, On Friday, December 1st, the APASP Task Force released a document titled “Recommendations to the President and President’s Cabinet” which contained key findings about the process and Phase 1 recommendations for programs and units in the “Priority for Substantial Modification” category;

Therefore, Let it Be Resolved, That ASUM would like to commend all the members of the APASP Task Force for the time and energy spent creating the process and executing it with honesty, diligence, and thoughtfulness; we would like to specifically recognize the students who have served on the Task Force: Anisa Ricci, Chase Greenfield, Eric Johnston, Braden Fitzgerald, and Sam Forstag;

Therefore Let It Be Further Resolved, ASUM encourages better communication between future prioritization efforts and university budget officials in order to recognize and incorporate financial considerations and establish associated goals;

Therefore, Let It Be Further Resolved, That ASUM strongly recommends a timeline of 12-24 months to ensure adequate time for reviewer and author training, a more robust process for gathering program-specific data, the ability for reviewers to devote an adequate amount of time to each program, and a sufficient amount of time for the task-force to make clear, informed, and instructive recommendations;

Therefore, Let It Be Further Resolved, That ASUM recommends that reviewers receive substantial training, including but not limited to: a pilot process including reviewers, clear instructions concerning the use and interpretation of the data sheets, a clear explanation of how the individual rankings will contribute to the goal of the prioritization effort, and clearly defining the time commitment to reviewers;

Therefore, Let It Be Further Resolved, That ASUM recommends that task force members, reviewers, and other contributing parties receive compensation in the form of internship credit, Curriculum and Instruction credit, course release time, leave time, or a tuition waiver in the appropriate amount;

Therefore, Let It Be Further Resolved, That in order to maintain adequate involvement in budgeting processes that significantly impact students, ASUM recommends continued student representation in future prioritization efforts as task force members and reviewers, in conjunction with the task force receiving student input in other ways, including but not limited to public comment and feedback via the website;
Therefore, Let It Be Further Resolved, That ASUM stands by this phrase from the Key Findings section of “Recommendations to the President and President’s Cabinet”:

*We strongly recommend that the Cabinet consider the actual reports, scoring, reviewer comments, and dean, sector head, and author responses in deliberations regarding specific action;*

Therefore, Let It Be Further Resolved, That this resolution be sent to the following: Sheila Stearns, Interim President of the University of Montana; Seth Bodnar, President-Select of the University of Montana; Beverly Edmond, Interim Provost of the University of Montana; Mary-Ann Bowman, President of the University of Montana Faculty Senate; Maria Mangold, President of the University of Montana Staff Senate; Paul Haber, President of the University Faculty Association; Rebecca Power, Assistant to the President; Tom Crady, Vice President of Enrollment and Student Affairs; Lucy France, Legal Counsel; Kent Halsam, Director of Intercollegiate Athletics; Matthew Riley, Chief Information Officer; Mario Schulzke, Associate Vice President for Integrated Communications and Chief Marketing Officer; Paula Short, Director of Communications; Jessica Weltman, Equal Opportunity and Affirmative Action Direct and Title IX Coordinator; Scott Whittenburg, Vice President for Research and Creative Scholarship and Dean of the Graduate School; and Cindy Williams, President/CEO of the UM Foundation.
