

## Science Trivia 1

1. What do we call an instrument that makes small things look large? microscope
2. What is the largest planet in our solar system? Jupiter
3. What is the hardest natural substance? diamond
4. What do we call the kind of scientist who studies the solar system? astronomer
5. To begin treating water, chemicals known as these are added at a treatment facility causing the dirt and other materials to clump and sink to the bottom. coagulants
6. What device is used to measure air pressure? barometer
7. For most people, what is the normal Fahrenheit body temperature? 98.6
8. What is the colored part of the eye called? iris
9. Name the three main layers that make up the Earth. crust
10. mantle
11. core
12. Where is bile produced in the human body? liver
13. What do we call an animal that eats plants? herbivore
14. What is the name for seismic sea waves caused by earthquakes/volcanoes? tsunami
15. What's the name for the circular membrane that separates the outer ear from the middle ear? eardrum

*'Environmental Health Science Education for Rural Youth' Grant Number 1R25 RR020432, is funded by a Science Education Partnership Award (SEPA) grant from the National Center for Research Resources, a component of the National Institutes of Health.*

# Science Trivia 1

1. What do we call an instrument that makes small things look large? \_\_\_\_\_
2. What is the largest planet in our solar system? \_\_\_\_\_
3. What is the hardest natural substance? \_\_\_\_\_
4. What do we call the kind of scientist who studies the solar system? \_\_\_\_\_
5. To begin treating water, chemicals known as these are added at a treatment facility causing the dirt and other materials to clump and sink to the bottom. \_\_\_\_\_
6. What device is used to measure air pressure? \_\_\_\_\_
7. For most people, what is the normal Fahrenheit body temperature? \_\_\_\_\_
8. What is the colored part of the eye called? \_\_\_\_\_
9. Name the three main layers that make up the Earth. \_\_\_\_\_
10. \_\_\_\_\_
11. \_\_\_\_\_
12. Where is bile produced in the human body? \_\_\_\_\_
13. What do we call an animal that eats only plants? \_\_\_\_\_
14. What is the name for seismic sea waves caused by earthquakes and volcanoes? \_\_\_\_\_
15. What's the name for the circular membrane that separates the outer ear from the middle ear? \_\_\_\_\_
