Is your student trip reportable?

Clery reportable student trips are those where the University has a written agreement for the trip accommodation and/or academic space which are:

- 2 nights or longer;
- or
- 1 night or longer, but for repeated use of the same space (i.e., same hotel or other type of residential facility used every year or more frequently).

In summary, unless otherwise excluded, any trip of 2 nights or more, regardless of whether it is a repeat location, or trips of 1 night, but only when it’s a repeat location, are reportable.

How to report a trip:
