**Campus Recreation Mission Statement:**
Campus Recreation provides opportunities to thrive in the pursuit of well being through innovative staff, facilities, and programs.

**Intramural Program Mission:**
To provide the campus community with a recreation opportunity in the form of organized competitive sports.

**The Intramural Program Values:**
Offers students, faculty, staff, alumni, and their spouse the opportunity to engage in organized sports, while providing a safe and fun environment. Our programs are designed with the spirit of competition in mind yet include leagues for all playing abilities. You do not need to be an experienced athlete to take part in our sports and special events. We actually encourage those new to sports to join a league to learn a new activity!

One of our goals is to offer activities to foster a more enjoyable, well-rounded and rewarding college experience for the students, faculty, staff and alumni at the University of Montana. The intramural program not only offers activities but also student jobs officiating and supervising sports and events. In order to offer quality programs we are dedicated to hiring well rounded staff and ongoing quality training.

The Campus Recreation Intramural Program is committed to excellence. We encourage suggestions and comments from our participants in hopes to maintain and improve our programs to suit your needs and interests.

This Manual was created for our staff and participants to help promote the policies, procedures, and rules for our intramural programs. Any questions you may have in regards to our programs can be found within this manual. We encourage all of our participants to read this manual to familiarize themselves with the Campus Recreation Intramural policies and procedures.

Thank you!

Intramural Policies

Sportsmanship
UM Campus Recreation Intramural Sports Department stresses that the participants display good sportsmanship at all times. The department will not tolerate physical or verbal abuse of opponents or officials, unsportsmanlike conduct or any other inappropriate behavior, before, during or following a game or event.

Profane, inappropriate language or obscene gestures, and fighting directed at another player or official is a direct violation of Student Conduct Code and will not be tolerated in Intramural activities. These activities may result in an automatic ejection. All violations of Student Conduct Code will be reported and Public Safety will be contacted. In addition, Intramural Officials and Program Coordinators will impose various penalties based on the severity of the acts. If a team chooses not to share the names of individuals involved in reported incidents, the entire team will be faced with sanctions. In addition, all names on the team roster will be reported to Student Conduct and Public Safety along with a written report of the incident.

Alcohol is not allowed at any Intramural Activity or contest. If any alcoholic beverages are observed it is an automatic forfeit and Public Safety will be contacted. Participants assumed to be under the influence of alcohol or other substances will be ejected from the game.

Ejected Players
Any ejected player must contact the Intramural Coordinator within 48 hours. Ejected players face a minimum one game suspension, with possible expulsion from the league and participation in all Intramural sports activities. Ejected players have one minute to leave the facility or field. If an ejected player is still within sight of the official, supervisor, or manager the game is an automatic forfeit for his/her team.

Eligibility
University of Montana students, faculty/staff, their spouses, and former student Alumni who have paid the Alumni Association dues are eligible to participate in Intramural sports and activities.

Team Managers may alter their roster through the third week of play. All changes must be made online at the University of Montana IM Leagues website. Following the third week of play, the Intramurals Coordinator must approve changes to the roster.

During the post-season tournaments the supervisors/officials will do an automatic roster check on all teams remaining in the tournament. If there are players missing from the roster they will not be eligible to play from that point on in the tournament. Otherwise the team will be disqualified.

Players may only play on one team in each athletic league and may not change teams after the 3rd week of the season. Participants may play in the men’s or women’s program plus the CoRec program in each sport as offered. Persons playing for more than one team are illegal players and will result in a forfeit for the team.

Participants found to be playing under assumed names will be barred from all Intramural competition for the semester, and the team with which he/she played will forfeit all contests played with the illegal player.

Intramural teams may not seek sponsorship.
Ineligibility

1. Current varsity athletes: Individuals whose names appear on a team roster or eligibility list of an intercollegiate athletic team at UM or any other four year institution, including transfer students, may not participate in a similar Intramural sport during the academic year in which they are so listed.
2. Intercollegiate athletes (this year) who have been red shirted or who have become academically ineligible, or have been barred because of professionalism are not eligible to participate in a similar Intramural sport during the academic year in which they are so listed.
3. Any individual who has played professionally and/or has been compensated to play in a similar intramural sport.

** Ineligibility infractions will result in a "loss" for that game pending further investigation.**

Please note: we are not able to do research on all intramural participants, if you know of, or feel like a team has an ineligible player, please bring it to the attention of a sports supervisor or Intramural Management.

Team Managers

Each team must have a manager or representative responsible for the coordination between players and the Intramural Sports program. Duties include:

1. Confirm eligibility of all team members.
2. Invite team members to join IMLeagues.com and join the team.
3. Take the Captain’s Quiz on IMLeagues.com for the sport you are registered for.
4. View the team schedule online at IMLeagues.com and notify team members of all scheduled games: date, location, and time.
5. Have team ready to play as scheduled. Schedules are located on the University of Montana IM Leagues website.
6. Be familiar with, and make sure team is familiar with and follows Intramural Policies as well as the rules of the sport.
7. Notify Campus Recreation whenever his/her team must default a contest.
8. Receive all correspondence from Campus Recreation concerning changes in rules, tournament structure, etc., ineligible players, team conduct at contests, etc. via email.
9. Inform Campus Recreation immediately of any change of address, telephone number, or change in team captain.
10. Share the names of individuals involved in reported incidents.

Team Registration on IMLeagues.com

Simply registering your team does not ensure inclusion in a league, as more teams may apply than can be accommodated. Teams are accepted in order of registration and entry fee payment.

Protests

Protests, other than those concerning eligibility, must be registered on the field of play before the next play or before the clock is restarted with the officials in charge of the game and should also be brought to the attention of the Intramural Coordinator. Protests will not be received or considered if they are based on a decision involving the accuracy of judgment of the part of the official (i.e., whether a player is "safe" or "out", "fouled" or "not fouled", etc.)

Formal protests must be received, in writing, within 24 hours of the game in question to be considered.

All formal protests must be accompanied by a $10 deposit, which will be returned if the protest is valid and upheld.

The Intramural Coordinator will rule on all formal protests after gathering as much information as possible. All protest decisions made by the IC will be final.
Forfeits and Defaults
A team will be ineligible for the post season tournament after their first forfeit. If a team forfeits two times, they will be dropped from the league. Negotiating forfeits must be done with the Intramural Coordinator, not the officials. Team Managers will be notified if their team has a recorded forfeit. Forfeits will be recorded if a team shows up past the scheduled playing time, if a team has less than the required number of players or ratio of men to women, or if misconduct (before, during, or following a game or an event) leads to a forfeit. Forfeits may be determined following a match if there is a report of team or individual misconduct.

If a team or contestant fails to appear at the appointed place within 10 minutes (according to the official’s time piece) of the scheduled time for a contest, the game officials will forfeit the game to their opponents. If both teams fail to appear, a forfeit will be charged against each team.

A team that wishes to cancel/reschedule a contest must notify IM Management at least 72 hours prior to the scheduled contest. With proper notification a contest may be recorded as default and therefore the team will still be eligible for post season play. All decisions pertaining to proper notification and team eligibility in the post season will be determined by Intramural Management.

A team from the waiting list will replace teams who forfeit. The newly entered team will have an opportunity to attain their respective league championship based on win-loss percentage.

Schedule and Postponements
(Decision made at the field – PLEASE NO CALLS).
In league tournaments, postponed contests shall be played at any time agreed upon by the two-team managers and the Intramural Coordinator.
Games are played, regardless of rain or snow, unless unsafe weather conditions present themselves. Games cancelled due to poor weather conditions will not be rescheduled during the regular season. Tournament games cancelled due to poor weather conditions will be rescheduled by the following day, time permitting. If a tournament game cannot be rescheduled due to time and weather constraints, the team with the best record based on win-loss percentage and points scored will advance.
Intramural Sportsmanship Rating System

Intramural officials and supervisors will give sportsmanship ratings to teams after each contest. These ratings will reflect behavior before, during, and after the contest.

In order for a team to qualify for tournament play they must have the required winning percentage, no forfeits, and a “7” or better average sportsmanship rating during regular season play.

Sportsmanship ratings will be graded 1-10 and based on the following criteria:

**Rating 10: Excellent conduct & sportsmanship:** Team members cooperate with officials and opposing team. Captain/manager calmly converses with officials about interpretations and calls. The captain/manager has complete control of teammates.

**Rating 8-9: Good Conduct & Sportsmanship:** Team members verbally complain about some decisions made by officials and/or show minor dissension, which do not merit a technical foul.

**Rating 6-7: Average conduct & sportsmanship:** Team shows verbal dissent towards officials and/or show minor dissension’s which may or may not merit a technical foul or unsportsmanlike conduct penalty. Captain/manager exhibits minor control over their team. Teams that receive more than one technical foul or yellow card may receive no higher that a “6” rating.

**Rating 3-5: Below average conduct & sportsmanship:** Team constantly comments to officials and/or opposing teams from the field/court or sidelines. The captain/manager exhibits little or no control over teammates or him/her self. A team which receives one ejection may receive no higher than a “5” rating.

**Rating 1-2: Poor conduct & sportsmanship:** Team is completely uncooperative. Captain/manager has no control over teammates or him/her self. Any team causing a game to be forfeited, based on conduct, or receives more than one ejection, may receive no higher that a “2” rating.

The following actions automatically merit a “1” rating:
- A player or spectator clearly associated with a team, after being warned about unnecessary roughness jeopardizes the safety of a player or official.
- A player or spectator clearly associated with a team is in possession of alcohol or drugs at an intramural contest.
- A player or spectator clearly associated with a team uses abusive language, obscenities towards an individual or verbally threatens a player or official.

A team that receives a “1” rating will be suspended for the next scheduled game and be charged a forfeit.

A team that receives lower than a “6” in a playoff game must talk to the Intramural Manager by 12:00 noon the next day. A decision will be made whether the team can continue in playoffs. If they continue in the playoffs any rating below “6” will automatically eliminate that team from playoffs.
First Week of Competition Script

Please read to all players before each game for the first week of games:

- As a referee, I will call the game as I see it. I expect, on occasion, players or spectators may see differently, however, my calls are based on what I see. I am in charge and will manage each athletic contest to the best of my ability.

- As the manager/captain you are responsible for the conduct of not only yourself but also your teammates, please keep control of everyone participating on your team.

- If there is an issue or concern on the field I only want to hear the concern voiced by you as the captain not the players on your team.

- Make sure you are familiar with Campus Recreation rules for this sport, Intramural Policies, and Student Conduct Code. If not, please find this information posted online.

- No alcohol, by spectators or participants, is allowed at UM Intramural events or activities.

- Please leave your dogs at home.

- A forfeit will be reported if you are not ready to play by 10 minutes past the scheduled time to play according to my watch.

- Players will be ejected for harassing the official or members of the other team, or for excessively rough play. Ejected players must leave the field immediately. If an ejected player is not completely out of the official’s sight within one minute, the ejected player’s team will forfeit.

- Forfeits must be negotiated with the Intramural Manager (Natalie or Zach), not with supervisors or officials.

Fighting and threatening officials is cause for immediate expulsion from play, Public Safety will be contacted, and student conduct code violations will be reported. Students can be expelled from school for student conduct code violations.
Sports and Activity Rules

Sports Rules
Basketball

Intramural basketball will be governed by the National Federation of State High School Associations (NFHS) rules with the following intramural modifications:

PLAYERS & EQUIPMENT

1. A team consists of five players, but a team may start a game with four players present. A team can play with 2 or 3 players only if others have been injured or have fouled out and the referees feel the team playing with less than five still has a chance to win. A team reduced to 3 players by player ejections will automatically forfeit.
2. All team members must wear jerseys/shirts that are the same color and have permanent numbers, preferably on the back. Numbers may not be taped on and must be whole numbers with no more than two digits.
3. A team that does not have numbered jerseys of the same color will check out jerseys provided by Campus Recreation. It is the team captain’s responsibility to ensure these are returned at the end of the contest.
4. The team captain is responsible to verify the roster and record jersey numbers for their team.
5. Players arriving late may play after reporting their name and jersey number to the court supervisor.
6. The team captain must also sign the score sheet following each contest to verify the score.
7. Campus Recreation will supply basketballs so that each team may have one to warm up with.
8. All players must wear closed toe, non-marking, rubber soled court shoes. Open toed shoes, sandals, barefoot, boots, or dress shoes are not permitted.
9. No casts/splints will be allowed under any circumstances. Players who wear a knee brace with exposed metal or metal hinges altered from the manufacturer’s original design/production are required to cover it. All equipment decisions made by the Intramural Staff on duty shall be final.
10. Jewelry is prohibited. All earrings and other visible body piercings must be removed or taped prior to the start of the game. Religious or medical-alert medals are not considered jewelry, but must be taped down and worn under the jersey. Campus Recreation will not provide tape or band-aides to cover jewelry items.
11. If eyeglasses are worn, they must be unbreakable. Each player is responsible for the safety of his/her own glasses.

PLAYING RULES & SCORING

1. Teams’ not organized and ready to play by 10 minutes past the scheduled playing time will forfeit.
2. The game will consist of two 20 minute halves.
3. The clock will run continuously until the last minute of each half when it will stop for all fouls, violations, out of bounds, time-outs, and all other whistles.
4. Half time will not exceed 5 minutes.
5. Each team is permitted 2 sixty-second time outs per half. First half time-outs will not carry over to the second half.
6. Scoring will be kept the same for men’s, women’s, and co-rec games. There are no differences for male or female points. One point will be awarded for a free throw, two points for a shot in front of the three point line and three points will be awarded for a shot behind the three point line.
7. During a free throw, players in the lane spaces may not enter the free throw lane until the ball hits the rim (high school rule). The shooter and all players outside the 3-point line may not enter the lane/3-point area until the ball touches the rim. Unlike collegiate varsity rules, in Intramurals no player may place their foot on or over the lower “blocks” during a free throw.
8. All substitutions must be made during a dead ball once the official has acknowledged the incoming participant.

OVERTIME PLAY

1. If the score is tied at the end of regulation play, a three- minute overtime period will be played.
2. The clock will run continuously until the last minute of the period when it will stop for all fouls, violations, and time outs.
3. Each team will be allowed one time-out, one minute in length.
4. Time-outs not used during regulation play cannot be used during overtime.
5. If a **second overtime** is necessary, a free-throw shoot out will take place.
   a. Each team will select three players from those on the court at the conclusion of play to shoot two free-throws each.
   b. If a winner is still not determined, the remaining two participants will shoot two free-throws.
   c. If neither team has won at this point, two players (that were substitutes at the time overtime ended) will shoot free-throws and so on until a winner is determined.
   d. **All free-throws will be shot as a technical foul would.** If a team does not have any substitutes they must use players that previously shot and a team with subs at this point may choose to use whomever they would like to shoot.

**CO-REC MODIFICATIONS**

All previously stated rules for men’s and women’s basketball will apply, with the following exceptions:
1. Teams will play with a women’s sized basketball. A men’s size basketball may be used if both teams agree.
2. Teams will consist of five players in the following way: 1st half – 3 women and 2 men, 2nd half – 2 women and 3 men. A team must have 2 men and 2 women to start the game.
3. Men and women may guard each other without restrictions.
4. For overtime(s), the second-half player format will be applied until the game ends.

**FOULS, VIOLATIONS, & PENALTIES**

1. A player is allowed 5 personal or 2 technical fouls per game. On the fifth personal or second technical foul, that player will be removed from the game.
2. Any player receiving three technical fouls, totaled across all basketball leagues and divisions, in the same season, spring or fall semester, will be disqualified for the remainder of the season and subject to further disciplinary measures from Intramural Management.
3. 7 - 9 fouls per team per half results in single bonus or “1 and 1” awarded to the player who was fouled.
4. 10 or more fouls per team per half is double bonus or two free-throw attempts awarded to the player who was fouled.

The following rules are fundamental to the NFHS and University of Montana Intramural Basketball but not limited to:

- **10-second backcourt-** a player must have both feet and the ball completely across the mid-court line before the count stops.
- **5-second frontcourt-** applies only in the frontcourt to players holding or dribbling the ball whose defender has established a closely guarded position less than 6 feet from the player with the ball.
- **3-Second lane-** applies to offensive players who have any part of their foot in the lane when the ball is in their frontcourt.
- **Team Control Foul-** A common foul committed by a member of the team that has team control.
- **Intentional Foul-** A personal or technical foul that may or may not be premeditated and is not based solely on the severity of the act.
- **Shooting Fouls-** A player who is in the act of shooting will be rewarded with two or three free throws unless the basket is successful and then they will receive one free throw.

**TOURNAMENT PLAY**

The top teams in each league, which have not forfeited, will advance to tournament play. The number of teams depends on the size of the division and the number of leagues. The tournament is a single elimination tournament with teams assigned based on win/loss percentage and then total points scored. The tournament bracket can be found at the conclusion of the regular season online at IMLeagues.com.
The Game

*Dodgeball is self-officiated. The supervisor is available for any un-resolvable disputes between teams.*

Equipment & Players:

1. 4 players constitute a full team. You may start with 3 players.
2. Co-Rec. teams must start all games with no more male players than female players unless approved by both teams. 2 men and 2 women a side.
3. Official dodge balls will be provided (4).
4. All other participants need to remain outside of the racquetball court playing space. Substitutions are made between games or for an injury.
5. Teams will change sides between games.
6. There are no time-outs. There will be one minute between games.
7. All players must wear closed toe, non-marking, rubber soled court shoes. Open toed shoes, sandals, barefoot, boots, or dress shoes are not permitted.
8. Only sports prescription glasses are allowed.
9. Piercings are allowed, but are worn at the player's discretion and acknowledgment of possible injury.

Match Play: To win a game a team must win 3 sets (best of five). To win a set a team must win 5 matches. So a set can have up to 9 games in order to be decided and the match can have up to 5 sets to be won.

Time: There is no time limit to a game or set, although a match cannot exceed an hour in length. The supervisor will notify both teams after 55 minutes that the match will stand in 5 minutes.

Start of Game: Three balls will be placed on the centerline evenly spaced. Upon the supervisor’s word, teams take position at the back wall of their side. They must make contact with the wall with either their hand or foot. Games will begin after the supervisor has given both teams a warning and then when the supervisor blows their whistle, when teams will then race to the center and try to obtain possession of each ball. After gaining possession, participants with a ball must return and touch their wall before making an attempt at the opposing team. A thrower has 5 seconds to either make an attempt or pass it to a teammate.

Continuous Play: Play is continuous as each team makes attempts at the other team’s players until all players on one team have been put out.

Line Violation: During play, if any player steps over the centerline they are out, even if this is during the opening scramble. If they are in possession of a ball during the violation, possession of the ball is gained by the opposite team, if the ball is released in an attempt at the opposing team, no one on the opposing team can be put out. The offending player is called out and retires to the Player Return Area.

A Player is Out:

1. When they are struck by a ball before the ball strikes the ground, walls or other permanent structure/surface. If the ball strikes one player followed by another player, both players hit are out.
2. When their attempt is caught by a player of the opposing team prior to striking the ground, wall, or other surface outside the playing court. The ball may strike another player first, in this case, the player hit first remains in and the player who made the attempt is out.
3. Clothing is a part of the body. A ball hitting a piece of clothing will result in that person being put out.
4. Players that modify the dodge ball in any way will be called out.
5. If a blocking ball becomes dislodged, the Target must regain possession before the ball becomes dead. Failure results in a Loss of Possession and the Target is ruled out.
Possession Changes:
1. Each participant has five seconds to make an attempt on the other team. If the team holds the ball longer than a 5 second count by the opposing team, then the player in violation must softly roll the ball to the other team’s back wall. The team gaining possession must wait until the rolling ball touches the wall to gain possession.
2. When a dead ball is declared by the opposing team for reasons of kicking or team interference (by players in the Players Return Area). The player in violation must softly roll the ball to the other team’s back wall.

Changing Sides: After each set teams change sides of the court.

Leaving the Playing Area when Put Out: Players shall immediately leave the playing area when put out, enter the Player Return Area, and stand against the wall with their arms folded. Failure to leave the court immediately can result in a forfeit of the game by the offending team as determined by the official.

DODGE BALL DEFINITIONS

Attempt: The act of the team with possession of the ball trying to put out a member of the other team by throwing at them.
Catch: The act of a player catching an attempt by the other team prior to the ball striking the ground or any other object not natural to the playing area.
Target: Any live player on the opposite team, who is the recipient of a direct throw
Returnees: A player currently out returning to the game after a valid catch by his teammate of an attempt on his team. The players return in the order they are put out from the Player Return Area. First Out First In (FOFI). A Returnee is not a live player until they touch the back wall (meaning the other team can not throw a ball at a returnee until they have touched the back wall).
Dead ball: When an attempt is nullified. A kicked ball is a dead ball at the point it was intentionally kicked. A ball thrown at or a ball that hits a player in the Player Return Area is a dead ball. A ball thrown at or a ball that hits the wall or ground is a dead ball
Headshot: Any attempt delivered intentionally or unintentionally to the head of any player. The player who made the attempt is out.
No Head Shot: When their attempt strikes above the shoulders and it was either caused by the player dropping to the ground or by intention of the player being played upon. There is no penalty to the thrower for this attempt and the player struck by the attempt, assuming all else was legal is out.
Five Seconds: A player must either throw the ball to a teammate or make an attempt within five seconds of possession of the ball. The opposing team may count out loud, “1 count, 2 count, 3 count, 4 count, 5 count.” If the current player has not passed or made an attempt, possession of that ball changes sides.
Players Return Area: The area on one side of the court beginning near the center where players from the current game retire when put out by an attempt. Players stand against the wall with their arms folded in the Player Return Area in the order they were put out until the game is over or until they return (see Returnees above). These players are not allowed to manipulate the dodge balls that come near them in any way.
Ball Deflections: A player with a ball may use it to deflect on-coming balls. Once that ball is deflected, the original thrower can be put out if the deflected ball is caught. Fingers are considered part of the ball being held, the hand is not.

“IF YOU CAN DODGE A WRENCH YOU CAN DODGE A BALL”

-Dodge Ball: A True Underdog Story
Flag Football – Men 7 on 7, Corec 6 on 6

Intramural flag football will be governed by the NIRSA Flag Football Rulebook with the following intramural modifications:

**THE GAME, FIELD, PLAYERS, AND EQUIPMENT**

1. The game shall be played between 2 teams of 7 players each. Five players are required to start a game and avoid a forfeit. Co-Rec teams consist of 6 players, 3 men and 3 women. A team may start with 4 players as long as there are 2 men and 2 women.
2. All players are eligible to receive a pass and run with the football.

This allows casual players to enjoy water polo without undertaking the intense conditioning required for conventional water polo.

- It is not ok to have both legs in the tube hole (vertical position) or have both legs over the tube and stomach over the hole (known as prone position).
- Official throws ball into center of pool, once ball touches the water both teams can advance towards ball to gain possession.
- After a score, all teams must be on their respective side of the half line. The team that just gave up a point will begin with the ball at goal and play will resume.
- Subs can only be made on a dead ball or after a goal has been scored, and only after the official has been notified.
Ball out of play and throw-ins:
- Ball out of play is thrown in by the other team at the spot it went out of bounds on the official’s whistle. If the ball goes out of play over the ‘end line,’ the goalie will put the ball back into play.
- The ball can not be played by a player that is not in their tube correctly. If an ineligible player makes a play on the ball they will forfeit possession and the opposing team will gain possession.
- A goal cannot be scored directly from a throw-in.

Scoring:
- A goal is scored when the whole ball has passed over the goal line between the goal post and under the cross bar. Bouncing off the side of the pool does not count as a goal. Ball must go IN the goal.
- A goal is worth 1 point.
- A goal may only be scored from at least 10 feet from the goal. (Marked with cones)
  - If a goal is scored inside the 10 foot mark, no point will be awarded and ball goes to goalie.

- Opposing team may not tip goalie out of tube when he/she has the ball.
- Opposing team may not interfere with the goalie (pick or block) as they try to defend the goal.
- If the goalkeeper plays the ball while out of their tube the opposing team will be awarded the ball outside the 10 foot mark and put in play on the officials whistle when the goalie is back correctly in his/her tube.
- Goalkeepers may not hang on the goals or use the goals for support.

Offense and Defense:
- Can be positioned anywhere in the pool.
- Players cannot leave their inner-tube and touch the ball.
- Dumping and tipping of players is allowed only when they have physical possession of the ball. Once ball has been passed or lost, dumping or tipping may not occur.
- If player is tipped from his/her tube, player may not touch the ball until he/she is back in inner-tube.
- Physical possession of the ball is defined as holding the ball with either or both hands.
- If at any point double possession happens with participants from opposing teams, the participant that initially maintained possession will retain possession.
- Controlling the ball is keeping the ball in the water and using the hands, body or tube to push the ball in a desired direction. Controlling the ball is allowed so long as the ball is being advanced towards the opposing goal.
- Shielding the ball is defined as controlling the ball but not advancing towards the goal. Shielding the ball is not allowed and will result in a change of possession penalty.

Penalties & Fouls

Penalties:
- When a penalty is called, 2 players on the team in possession must control the ball prior to scoring a goal. The ball will only be played after the official’s whistle.

  - If player falls out of inner-tube and still holding the ball, possession will be given to the opposing team.

2. Any questions about proper female to male ratio, playing shorthanded, etc. need to be directed to the official who will make the final decision.
3. *Substitutions:* Unlimited. Each inning, any 8 players can play the field and any 8 may bat.
4. The team captain or player representative is responsible to check in with the officiating staff and verify the roster.
5. The team captain must also sign the score sheet following each contest to verify the score and sportsmanship rating.
6. Campus Recreation will supply the kickball for play.
7. Regulation rubber-soled cleats, plastic cleats, detachable rubber cleats that screw into the shoe, and tennis shoes are the only permissible footwear. Sandals, street shoes, hiking boots, combat boots, or metal spikes are not allowed. No player will be allowed to participate in bare feet. Any player seen wearing metal spikes after the first pitch of the game will be ejected.
8. No casts/splints will be allowed under any circumstances. Players who wear a knee brace with exposed metal or metal hinges altered from the manufacturer’s original design/production are required to cover it. All equipment decisions made by the Intramural Staff on duty shall be final.
9. Jewelry is prohibited. All earrings and other visible body piercings must be removed or taped prior to the start of the game. Religious or medical-alert medals are not considered jewelry, but must be taped down and worn under the jersey. Campus Recreation will not provide tape or band-aides to cover jewelry items.
10. If eyeglasses are worn, they must be unbreakable. Each player is responsible for the safety of his/her own glasses.

**GAME FORMAT:**

1. A game will consist of six (6) innings or a 50-minute time limit, whichever comes first. No new inning will begin once the 50-minute time limit has expired. Any inning which has been started prior to the time limit expiring will be completed. Championship games will not have a time limit.
2. A pre-game paper, rock, scissors will determine home and away status. Game must begin as quickly as possible; teams are not permitted pre-game warm-ups
3. Ties will stand in regular season play after the 50-minute time limit. All post season games will be played until a definite winner has been determined.
4. In the event that the score remains tied after 6 complete innings and the 50-minute time limit has not been reached, extra innings will be played until the tie is broken. The team at bat will begin with a runner on second base.
5. *Mercy Rule:* If a team is ahead by 15 runs after 4 complete innings (3 1/2 if the home team is ahead), or 10 runs after 5 innings (4 1/2 if the home team is ahead), then the game will be considered complete. The run rule will apply to all games including championship games.
6. In the event of inclement weather or power failure of more than 15 minutes, the following will constitute a complete game:
   a. Four innings have been completed (3 1/2 if the home team is leading).
   b. The game has reached at least 25 minutes in elapsed time.
7. *Scoring:* A run is scored when a runner safely reaches home plate, prior to an inning or half inning ending.
   a. A team may score a maximum of eight runs per half inning.
   b. Scoring and kicking order is the responsibility of the teams, not the umpires. We require each team keep the box score for themselves to ensure that both teams are batting according to the order on the score sheet.
PITCHING:

1. Teams will pitch to their own kickers. A member of the defensive team will position themselves no closer than 3 feet from the pitcher to act as a fielder.
2. Pitchers (of the kicking team) will not be responsible for playing defense. When the pitcher is struck by a kicked ball before it passes a member of the defensive team, the kicker will be called out and runners must return to the base occupied at the time of the at bat. In all other situations, the pitcher must move clearly out of the way of a defender making a play or the potential path of a throw. If, in the umpire’s opinion, the pitcher interferes with any part of a defense’s play, the umpire may call out a runner or the kicker as appropriate.
3. The pitcher must be a member of the offensive team (i.e. legally signed in), but does not have to be one of the kickers in the line-up. All-time pitchers are permitted (must be signed in as a team member). If the pitcher is a kicker in the line-up, when it is the pitcher’s turn in the line-up, another player will be required to enter the game to pitch.
4. Only two pitching changes are permitted per half inning.
5. The pitcher may receive three warm-up pitches prior to the first inning. Warm-up pitches are prohibited at all other times. Infield practice is not permitted prior to any inning.
6. In the act of delivering the ball to the kicker, the pitcher shall stand with at least one foot in contact with the pitching rubber until the ball leaves the pitcher’s hand. A legal delivery shall be a ball that is delivered underhand and a slow to moderate speed. Bouncies are permitted.
7. Each kicker will receive a maximum of 3 pitchers. If a kicker allows three pitches to pass and has not kicked the ball, he/she will be out.

KICKING:

1. All players (maximum of eight) will kick each inning. Therefore, up to eight outs may be recorded during a team’s offensive half inning.
2. The kicking order may change each inning.
3. The offensive team (pitcher and kicker) is responsible for notifying the defensive team when the last kicker is preparing to kick. If the final kicker kicks without the offense notifying the defense that it is their last kicker, that kicker will be ruled out, no runs will be allowed, and the inning will be over.
4. The kicker must contact the ball behind the kicking line. If, at the umpire’s discretion, the kicker contacts the ball past the line, the kicker will be called out and runners will return to the base occupied at the pitch.
5. Foul balls on the 1st or 2nd pitch will be ruled foul. If a foul is kicked on the 3rd pitch, the batter will be out.
6. There are no walks.
7. A kicked ball must go past the buntline in front of home to be in play. Balls that come to rest inside this area or are fielded (touched by a defensive player with any part of the body above the waist) in this area are considered foul and if on the 3rd pitch, the kicker will be called out. Once foul or touched, the ball will be dead and runners must return to the base occupied at the time of the pitch. Fly balls caught in this area are also dead and runners do not have the chance to tag up.

BASE RUNNING:

1. Base runners may leave a base as soon as a ball is kicked.
2. There are two bases at first base, similar to softball, one for the runner to run through and the other for the fielding first baseman.
3. When the base slides away from its proper position (when a runner goes into it sliding feet first), the runner is assumed to be on the base and not in jeopardy to be put out unless they try to advance. If the player slides head first, they must hold on to the bag to avoid being called out.
4. If a base runner goes out of the base path to avoid being tagged, they are out. A player is not required to slide into a base, however, a player may not deliberately or otherwise crash into, or “takeout,” a fielder who is attempting to make or complete a play. - Penalty: the runner is out and the ball is dead. No runner shall advance because of the interference. If the umpire determines the act is flagrant the runner shall be ejected from the game.
5. If a kicked ball strikes a base runner, who is in fair territory and not in contact with a base, they will be called out. The ball will be dead, and the kicker will receive first base. All other runners will only move if forced.

6. **Out of Play - Overthrows:** All runner(s) will be awarded base they are going to plus one. The award will be governed by the position of the runner(s) when the ball left the thrower's hand.

**FIELDING:**

1. No more than six players may be positioned in the infield area prior to a pitch being kicked. Two players must begin in the outfield area.
2. Each team must provide a catcher. The catcher must field from behind the kicker and is considered one of the six infielders.
3. The catcher must remain at least 3 feet behind the kicker and may not cross home plate until the ball is kicked.
4. The “fielding” pitcher must remain 3 feet behind the pitching rubber until the ball is kicked.
5. All field players must stay behind the pitcher while the other team is kicking.
6. **The kicker is out when:**
   a. A base is touched by a player with the ball or by the ball when a player is in possession of the ball.
   b. Hit by a thrown ball below the shoulders by a defensive player.
   c. Tagged by the ball when a defensive player is in possession.
7. **A runner is out when:**
   a. The base they are advancing to is touched by a defensive player with the ball or by the ball when a defensive player is in possession during a force out.
   b. Hit by a thrown ball below the shoulders by a defensive player.
   c. Tagged by the ball when a defensive player is in possession
8. **A kicker/runner is NOT out when:**
   a. Hit above the shoulders (neck, head). In the case of a head shot, play continues but the runner who was hit above the shoulders is NOT liable to be put out until after they touch the next base. However, if the runner intentionally uses their head to block the ball or ducks and is hit above the shoulders, the runner will be called out (the ball is immediately dead and all runners return to the base they last touched).
   b. A thrown ball touches the ground or base prior to striking the kicker/runner.
   c. They are contacted by a ball that is kicked at them by the opposing team.
9. In the event a fielder intentionally throws and contacts a runner’s head, the play will be immediately dead and the fielder will be ejected. The runner will be awarded home and all runners on base in advance of the runner hit by the head shot will score.
10. There is no infield fly rule and all caught balls must have a tag up in order for runner to advance.

C. Men and women may be placed defensively at the team's discretion.

D. During Co-Rec games if the pitcher walks a man the next batter (a woman) has the choice to bat or automatically walk. If the woman walks; the man preceding her advances to second; if the woman chooses to bat the man preceding her remains at first.

E. Teams’ not organized and ready to play by 10 minutes past the scheduled playing time will forfeit.

### The Game

A. A regulation game will consist of 5 innings. For league play only, a new inning may not begin 55 minutes after the start of the game has elapsed. Officials and captains are responsible for recording the time at which the game began.

B. Games cancelled due to bad weather will not be made up. League standings will be determined by number of wins and losses. Tournament games cancelled due to bad weather will be made up, time & weather permitting. If weather persists or time constraints inhibit additional tournament games, the team with the best record (wins/losses, points, then coin toss if records are identical) will advance.

C. In the case of a tie game, an extra inning may be played. The winner will be determined by the following priorities:

   1. Whichever team is leading at the end of the extra inning.
   2. Furthest bases in possession previous to last out.
   3. Total bases in possession previous to last out.
   4. If there is still a tie situation, an additional inning may be played if time permits, otherwise the game shall be declared a regulation tie game.

### Equipment

A. Only balls provided by Campus Recreation may be used (gray dot softballs).

B. NO BASEBALL BATS. Players may use their own bats if they are regulation softball bats (ASA Approved with proper rubber grip) and are approved by the umpire, and they are made available to the opposing team.

C. Metal, or fiberglass cleats, and street shoes are illegal. Shoes normally approved for play consist of rubber sneakers or all-rubber or composition cleated shoes.

### Co-Rec Batting Order:

A. Everyone will bat. All players in the batting order must have been in the field by the end of the third inning.

B. In Co-Rec ball the batting order must alternate: boy, girl, boy, girl. If there is an uneven ratio of male to female participants, the team must take an out at the bottom of their lineup.

A. Every player that is going to play will be on the score sheet/line up card at the beginning of the game. If you have 20 players there will be 10 men and 10 women on the score sheet.
D. Sliding is illegal in Co-Rec B games.

General
A. Home team will be determined by rock, paper, scissors.
B. Teams must be ready to play within 10 minutes of scheduled starting time.
C. Ground rules will be discussed by umpires, captains and coaches before play begins.
D. Protests must be announced to the umpire before the next pitch is made to the batter. The field supervisor must then be notified, and whenever possible, the disagreement should be settled on the spot. The nature of the protest and the situation at the time of the protest must be noted in writing on the back of the score sheet and signed.
E. Judgment calls may not be protested.
F. Eligibility protests: consult the Intramural Policies.

HIGHLIGHTS OF SLOW PITCH SOFTBALL:

Legal Pitch: The ball must have at least three feet arch from the time it is released. Speed of the pitch and height are left entirely up to the judgment of the umpire.

Overthrows: The base runner shall receive two bases in relation to his position when the thrower releases the ball.

Base Running: The base runner must remain in contact with the base until the pitch has been hit. No stealing.

Interference: The act of a defensive player which hinders the batter from hitting a pitched ball (catcher’s interference), or the act of an offensive player which hinders the fielding team while attempting to play the ball. The involved base runner is out and if in the judgment of the umpire, it was an obvious attempt to prevent a double play, the other runner may also be ruled out.

Obstruction: The act of a fielder, while not in possession of the ball, which impedes the progress of a base runner. The obstructed runner shall advance to the base he would have reached, in the umpire’s judgment, had there been no obstruction.

Infield Fly: With less than two outs and runners on first and second, or bases loaded, any fly ball which may be easily caught by an infielder shall be ruled as an infield fly. The batter is automatically out, and the runner may advance at his or her own risk.

Batter’s Box: It begins six inches from home plate and is three feet wide, it is seven feet long (from the middle of the plate it extends four feet towards the pitcher and three feet toward the backstop), completely out of the area to be ruled out (including stepping on home plate).

Strike Zone: The space over home plate which is not higher than the batter’s back shoulder or lower than the knees when he assumes his natural stance.

Leading Off: No leading off is allowed. The runner can leave base only when the ball is hit.

Co Rec Ultimate

Intramural Ultimate will be governed by the USA Ultimate rules with the following modifications:

**PLAYERS & EQUIPMENT**

1. A team will consist of 7 players with a minimum of 2 women required to begin play. Fewer than 2 women will result in a forfeit. Six players are required to start a game.
2. Any questions about proper female to male ratio, playing shorthanded, etc. need to be directed to the supervisor who will make the final decision.
3. The team captain or player representative is responsible to check in with the officiating staff and verify the roster.
4. The team captain must also sign the score sheet following each contest to verify the score and sportsmanship rating.
5. Campus Recreation will supply Frisbees but teams may bring their own and agree on the game disc.
6. Regulation rubber-soled cleats, plastic cleats, detachable rubber cleats that screw into the shoe, and tennis shoes are the only permissible footwear. Sandals, street shoes, hiking boots, combat boots, or metal spikes are not allowed. No player will be allowed to participate in bare feet. Any player seen wearing metal spikes after the first pull of the game will be ejected.
7. No casts/splints will be allowed under any circumstances. Players who wear a knee brace with exposed metal or metal hinges altered from the manufacturer’s original design/production are required to cover it. All equipment decisions made by the Intramural Staff on duty shall be final.
8. Jewelry is prohibited. All earrings and other visible body piercings must be removed or taped prior to the start of the game. Religious or medical-alert medals are not considered jewelry, but must be taped down and worn under the jersey. Campus Recreation will not provide tape or band-aides to cover jewelry items.
9. If eyeglasses are worn, they must be unbreakable. Each player is responsible for the safety of his/her own glasses.

**GAME FORMAT:**

1. A game will consist of two 20-minute halves with a 5-minute half time. Time is continuous for each half, except when there is an injury time-out.
2. A pre-game paper, rock, scissors or disc toss will be conducted by representatives of the two teams. The winner chooses to either receive the initial pull, or select the end zone they wish to defend. The other team is given the remaining choice.
3. After a point ends, it is recommended that players begin the next point within 90 seconds.
4. After a turnover, a player on the team becoming offense may immediately pick up the disc and put it back in to play by establishing a pivot foot in-bounds.
5. The second half begins with an automatic reversal of the initial choices.
6. **Time-outs:** Each team has one 2-minute time-out per half.
   a. Time-out may be called only by the team in possession of the disc, except that either team may call time-out between points (after a goal, but before the ensuing pull).
   b. No time-outs during overtime.
7. **Substitutions:** May be made after a goal and prior to the ensuing pull, before the beginning of a half, or to replace an injured or ejected player.

**SCORING:**

1. A goal is scored when an in-bounds player catches a pass in the end zone of attack.
2. The team with the most goals at the end of the game is declared the winner.
3. If the score is tied at the end of regulation, play stops and overtime procedures are as follows:
   a. Regular Season Games: A 3-minute overtime period is played with a sudden death format. To begin an overtime period, teams must follow the rules for Restarting Play. If no one has scored after the overtime, the game will be determined a tie.
   b. Playoffs: The overtime sudden-death period will continue until the first team scores.
PULL:

1. Play starts at the beginning of each half and after each goal with a “pull” -- a player on the pulling team throws the disc toward the opposite goal line to begin play.
2. Each time a goal is scored, the teams switch their direction of attack and the team that scored pulls to the opposing team.
3. On a pull, players must remain in their end zone (not cross the goal line) until the disc is released.
4. A pull may not be made until a player on the receiving team indicates readiness to play by raising a hand.
5. After the disc is released, all players may move in any direction.
6. No player on the pulling team may touch the pull in the air before a member of the receiving team touches it.
7. If a member of the receiving team catches the pull on the playing field, that player must put the disc into play from that spot.
8. If the receiving team allows the disc to fall untouched to the ground, and the disc initially lands in bounds, the receiving team gains possession of the disc where it stops if in-bounds or at the point on the playing field, excluding the end zone, nearest to where it crossed the out-of-bounds line.
9. If the pull lands out-of-bounds the receiving team puts the disc into play at the point on the playing field, excluding the end zone, nearest to where it crossed the out-of-bounds line.

IN & OUT-OF-BOUNDS:

1. The perimeter lines themselves are out-of-bounds.
2. A disc is out-of-bounds when it first contacts an out-of-bounds area or anything which is out-of-bounds.
3. For a receiver to be considered in-bounds after gaining possession of the disc, the first point of contact with the ground must be completely in-bounds. If any portion of the first point of contact is out-of-bounds, the player is considered to be out-of-bounds.
4. If a player makes a catch in-bounds and momentum then carries him/her out-of-bounds, the player is considered in-bounds (to continue play, the player carries the disc to the point where s/he went out-of-bounds and puts the disc into play at that point).
5. The thrower may pivot in and out-of-bounds, provided that the pivot foot is in-bounds.

TURNOVERS:

1. A turnover occurs when:
   a. A pass is incomplete (dropped, hits the ground, is caught out of bounds, blocked, intercepted). A receiver must retain possession of the disc throughout all ground contact related to the catch (if a player falls to the ground during a catch and drops the disc, it is incomplete).
   b. The marker’s count reaches the maximum number (10) before the throw is released.
   c. When a turnover has occurs, any member of the team becoming offense may take possession of the disc.
   d. To initiate play after a turnover, the person picking up the disc must put it into play at the spot of the turnover. If the disc landed out of bounds, the offensive player puts the disc into play at the point where it crossed the out-of-bounds line.

ESSENTIALS:

1. **The Thrower:**
   a. Any member of the offensive team may take possession of the disc.
   b. The thrower must establish a pivot foot and may not change that pivot foot until the throw is released.
   c. The thrower may pivot in any direction, but once the marker has established a legal defensive position, the thrower may not pivot into him/her.
2. **The Marker:**
   a. Only one player may guard the thrower at any one time; that player is the “marker.”
   b. The marker may not straddle the pivot foot of the thrower.
   c. There must be at least one disc’s diameter between the bodies of the thrower and the marker at all times.
d. The marker cannot position his/her arms in such a manner as to restrict the thrower from pivoting.

e. **Stall count:** The period of time within which a thrower must release a throw.
   
i. A player in possession of the disc has 10 seconds to release a throw.
   
ii. The marker must be within 10 feet of the person with the disc before beginning the stall count.
   
iii. The stall count consists of the marker counting to 10 audibly at one second intervals (e.g. “stalling one, two, three . . . .”).
   
iv. If the thrower has not released the disc by the count of 10, a turnover results. If this call is disputed, the thrower gets the disc back with the stall count coming in at “stalling 8.”
   
v. If the defense switches markers, the new marker must restart the count at one.

3. **The Receiver:**
   
a. After catching a pass, the receiver may take only the fewest number of steps required to come to a stop and establish a pivot foot.
   
b. Exception: If the receiver catches the disc while running, s/he may throw a pass without coming to a stop, but only so long as s/he releases the disc before the third ground contact after catching the disc.
   
c. If offensive and defensive players catch the disc simultaneously, the offense retains possession.

**FOULS & VIOLATIONS:**

A foul is the result of physical contact between opposing players; a violation generally is any other infraction of the rules. When an infraction (a foul or violation) occurs:

1. The offending player loudly calls out the infraction (e.g., “Travel,” “Foul,” etc.).
2. A player called for an infraction may contest that call (by loudly calling “contest”), if that player believes that s/he did not commit the infraction.
3. After a call, play stops and players remain stationary until the parties involved have resolved the call.
4. If a call is not disputed, play resumes in a way simulating what most likely would have occurred without the infraction. E.g., 1) If a thrower was fouled while throwing and the pass was incomplete, the thrower gets the disc back with a new stall count, or 2) If a receiver is fouled on a reception attempt and the pass is incomplete, the receiver gets the disc at the point that the foul occurred.
5. If a call is disputed and the players cannot come to a resolution, the play is redone with each player returning to the position s/he occupied when the disputed infraction allegedly occurred.

6. **Infractions include:**
   
a. Foul: Contact between opposing players.
   
b. Fast count: When the marker counts at intervals of less than one second.
   
c. Double-team: When more than one defensive player is guarding the thrower within 10 feet.
   
d. Disc space: If the marker touches or is less than one disc diameter away from the thrower.
   
e. Travel: When a thrower fails to establish a pivot foot at the appropriate spot on the field, and/or to keep in contact with that spot until the throw is released.
   
f. Strip: When a defensive player knocks the disc out of a thrower’s hands.
   
g. Pick: Obstructing the movement of a player on the opposing team.

**POSITIONING:**

1. Each player is entitled to occupy any position on the field not occupied by another player.
2. Picks: No player may establish a position, or move in such a manner, so as to obstruct the movement of any player on the opposing team; to do so is a pick.
3. When the disc is in the air, players must play the disc, not the opponent.
4. Each player has the right to the space immediately above him/her. A player who has jumped is entitled to land at the same point of take off without hindrance by opponents.
