Campus Recreation Youth Camps Winter Camp Overview

Our winter break camp will have some of the same activities as our summer camp. However, we will not have a specific theme to the morning sessions like there is during our summer camp weeks. Below is a general list of activities we will be doing, some are weather dependent. Weather permitting we plan to spend some time outside, hopefully enjoying activities in the snow. We will communicate via email when we plan to be outside so you can send your children with the appropriate winter gear.
