

Praise from Past Participants

"This course is an extremely rewarding professional and personal experience. Prof. Elliott has a unique ability to bring a clear understanding of the practical ethics practice, while also grounding the course in a rigorous exploration of classical philosophical theory. I give it five stars."

— Marlene Springer, President Emerita, The College of Staten Island & University Professor, the City University of New York

"Dr. Elliott's class was both an intellectual and holistic experience. It gave me the opportunity to understand the pedagogy of teaching applied ethics, which has been very helpful both in the classroom and as a practitioner in the public sector."

— Georgianna Streeter, Ethics Officer, Los Angeles World Airport
