Best Course of Action in Repaying Student Loans:

1. Be on a Repayment Plan where you are paying off the loan as quickly as possible
   OR
   Utilize a loan forgiveness program that you qualify for and maintain your eligibility

2. Be on any Repayment Plan that has a payment you can manage

3. Utilize a Deferment

4. Utilize a Forbearance
Qualifications for Public Service Loan Forgiveness

In order for your loans to count towards PSLF you must have:

1. The correct amount of employment and type of employer
   - If you have one employer: must work the number of hours the employer considers full time OR an average of 30 hours per week, whichever is greater. If you have more than one employer: must work an annual average of 30 hours per week
   - Must be working for a government entity (Federal, State, Local, Tribal) OR a non-profit organization tax-exempt under section 501(c)(3) of IRS code OR a non-exempt non-profit that provides:
     - Emergency management
     - Military service
     - Public safety
     - Law enforcement
     - Public interest legal services
     - Early childhood education
     - Public service for individuals
     - Public service for the elderly
     - Public health
     - Public education
     - Public library services
     - School library services
     - Other school-based services

2. The correct type of loans
   - Your loans must have the word “Direct” in the title
     - All loans disbursed after July 1, 2010 were issued through the Direct Loan program. Any loans issued before that date could be through the Federal Family Education Loan (FFEL) Program and those would not qualify for PSLF.
     - To see what type of loans you have go to www.nslds.ed.gov/npas and log in with your FSA ID (if you don’t have one already, create your FSA ID at https://fsaid.ed.gov).
       - If you have loans that do not have the word “Direct” in the title, a consolidation will take those FFEL loans and make them “Direct”. This can be done at www.studentloans.gov

3. The correct servicer
   - You must have FedLoan Servicing (also called PHEAA) as your loan servicer.
     - If you have another servicer (e.g. Navient, NelNet, Great Lakes, ACS, MOHELA, etc.) then submitting the Employment Certification Form will move your loans from your current servicer to FedLoan Servicing.

4. The correct type of repayment plan
   - You must be on one of the qualifying repayment plans: Revised Pay As You Earn (REPAYE), Pay As You Earn (PAYE), Income-Based Repayment (IBR), Income-Contingent Repayment (ICR) or the 10-Year Standard Repayment
     - Keep in mind that if you want to have a remaining balance to be forgiven by PSLF then you should not be on the 10-year Standard Repayment plan for the duration of your employment time.
       - If you are not on an Income-Driven Repayment plan, go to www.studentloans.gov, log in and click “Apply for an Income Driven Repayment Plan”
     - Every Income-Driven Repayment option must be renewed annually. Put a note on your calendar to renew your plan one month before it expires. Also re-submit your Employment Certification Form annually. Continue this process until your 10 years (120 monthly payments) are complete!

For assistance with any of these steps, current students can schedule an appointment online by going to http://www.umt.edu/starfish/, clicking login, signing in with their UM Net ID, going to Services, scrolling through to the UM Financial Education Program section and clicking "Schedule Appointment"
