This is an archaeological field course. Students will participate in archaeological survey and excavation in the Rio Ibanez Valley of Chilean Patagonia. Tuition follows the state-support fee schedule, credits count toward Spring Semester total credit load, and students registering for more than 12 Spring credits pay no additional tuition. A course fee of \$3,324 covers lodging, meals, insurance, in-country travel and some course materials costs. Students are also responsible for personal expenses and round trip airfare. The course is eligible for financial aid, including international travel costs.
