

IT Senate priorities

Spring 2013

Key considerations

The IT Senate priorities group recommends focusing attention on the following critical issue areas during the formative stages of the new governance model:

1. Infrastructure (wireless, network and data centers)
2. IT funding model
3. Banner
4. Student experience
5. Accessibility

Priorities from FY13 IT operational plan

<http://www.umt.edu/it/strategicplan/docs/OperationalPlanFY13.pdf>

- Form standing IT Senate committees as defined in bylaws (2b)
 - Assign action items to committees consistent with
- Develop IT decision-making principles (2b)
- Conduct analysis of student technology needs and desires and develop student technology roadmap (5a)
