Eligibility Requirements: At the time of application, students must have completed, or be currently enrolled in, a math course at UM. Awardees must be enrolled at UM during the academic year 2011/2012. Full-year awards will be credited by the Financial Aid Office to the students' accounts in two installments, at the beginning of the fall and spring semesters.

(1) **REFERENCES:** Please give the names of people who are familiar with your performance as a mathematics student. It is most desirable that your list include instructors you have had in UM mathematics courses. We will NOT be soliciting written recommendations from the people you have listed as references; however, we may discuss your application with them.

(2) **MATHEMATICS COURSES** you have taken or are currently taking.

Course	Instructor	Grade	Term

Please attach a one-page description of what you hope to get out of this experience. You are encouraged to consult with a faculty member if you have any questions.

(4) **OTHER INFORMATION:** You may use the space below to provide any other information you feel will be helpful in evaluating your application (e.g. scholarships, awards, honors, math related job and/or summer experiences, membership in Pi Mu Epsilon, math independent study or research projects, math contests, volunteer work, extra-curricular activities). You may also attach any information you feel is important.

If you are applying for the Joseph Hashisaki Memorial Scholarship, briefly explain your financial need, if applicable. While the primary criterion for this award is academic excellence, financial need is taken into account when the top candidates have comparable academic achievements.

To ensure consideration for these scholarships, please return this form to the department office by 5:00 pm on **Wednesday, March 9, 2011.**
