Exploratory Courses (Do not fulfill a General Education Requirement)

*BCH 110/111: Intro to Biology for Biochemists (w/ Lab)  Biochemistry
BIOH 112: Human Form and Function I  Health and Human Performance; Pre-Nursing; and Pre-Pharmacy
CSCI 125: Computation in the Sciences  Biochemistry
HTH 110: Personal Health and Wellness  Health and Human Performance (Public and Community Health)
KIN 201: Basic Exercise Prescription  Health and Human Performance
KIN 205: Found. Health & Human Perform.  Health and Human Performance

Writing Courses
*WRIT 101: College Writing I  All majors, unless exempt by AP/IB/CLEP or transfer work; verify with your advisor
*WRIT 201: College Writing II (ICW)  Optional substitution for WRIT 101 for those with high enough placement scores

Mathematics Courses
*M 115: Probability & Linear Math  Health and Human Performance and Pre-Nursing
*M 121: College Algebra  Health and Human Performance (Exercise Science) and Pre-Nursing
*M 151: Precalculus  Health and Human Performance (Exercise Science)
*M 162: Applied Calculus  Biology (Human); Health and Human Performance (Exercise Science - Pre-professional); Medical Laboratory Science; Pre-Medical Sciences; Pre-Nursing; and Pre-Pharmacy
*M 171: Calculus I  Biochemistry; Biology (Human); Health and Human Performance (Exercise Science - Pre-professional); Medical Laboratory Science; Pre-Medical Sciences; Pre-Nursing;
*STAT 216: Introduction to Statistics  Biomedical Sciences; Pre-Nursing; Pre-Physical Therapy; and Pre-Pharmacy

Expressive Arts (A) Courses
COMX 111A: Intro to Public Speaking  Health and Human Performance and Pre-Pharmacy

Social Sciences (S) Courses
ECNS 201S: Principles of Microeconomics  Pre-Pharmacy
PSYX 100S: Intro to Psychology  Biochemistry (Health Professions); Biology (Human); Health and Human Performance; Pre-Medical Sciences; Pre-Nursing; Pre-Physical Therapy; and Pre-Pharmacy
SOCI 101S: Intro to Sociology  Biochemistry (Health Professions); Pre-Medical Sciences; Pre-Nursing; Pre-Physical Therapy; and Pre-Pharmacy
WGSS 263S: Social and Political Perspectives on Gender and Sexuality  Health and Human Performance (Public and Community Health)

Natural Sciences (N) Courses
BIOB 160N/161N: Principles of Living Systems (w/ Lab)  Biology (Human); Health and Human Performance; and Pre-Medical Sciences
BIOB 170N/171N: Principles of Biological Diversity (w/ Lab)  Biology (Human); Health and Human Performance (Exercise Science - Pre-professional); and Pre-Medical Sciences
BIOM 250N: Microbiology for Health Sciences  Health and Human Performance (Public and Community Health) and Pre-Nursing
CHMY 121N: Intro to General Chemistry  Biology (Human); Health and Human Performance; Pre-Nursing; and Pre-Physical Therapy
*CHMY 141N/142N: College Chemistry I (w/ Lab)  Biochemistry; Biology (Human); Health and Human Performance (Exercise Science - Pre-professional); Medical Laboratory Science; Pre-Medical Sciences; Pre-Physical Therapy; and Pre-Pharmacy
NUTR 221N: Basic Human Nutrition  Health and Human Performance and Pre-Nursing
*PHSX 205N/206N: College Physics I (w/ Lab)  Biochemistry; Biology (Human); Health and Human Performance (Exercise Science); Medical Laboratory Science; Pre-Medical Sciences; Pre-Physical Therapy; and Pre-Pharmacy
*PHSX 215N/216N: Fundamentals of Physics w/ Calculus I (w/ Lab)  Biochemistry; Biology (Human); Health and Human Performance (Exercise Science - Pre-professional); Medical Laboratory Science; and Pre-Physical Therapy

Foreign Language
Majors that require a foreign language  None

Exception to Foreign Language
Majors that have an exception to foreign language  Biochemistry; Biology (Human); Health and Human Performance; Medical Laboratory Science; Pre-Medical Sciences; Pre-Nursing; Pre-Physical Therapy; and Pre-Pharmacy

*Indicates that a course has a prerequisite requirement
