Some Crime Log Entries are marked with an asterisk (\*). These entries have been provided by a confidential Campus Security Authority (“CSA”), such as a director of a medical, counseling or advocacy center. To comply with state and federal laws governing medical, counseling, and advocacy services, confidential CSAs do not provide UM's Clery officials with the identities of crime victims when reporting Clery statistics. Therefore, this may be a duplicate report that has appeared in a prior Crime Log, and responsive action may have already occurred. Reported sexual assault may be defined as one of the four following crimes, rape, fondling, statutory rape, or incest.
