

Items grouped together with right braces are single awards divided into multiple accounts.

| <b>Funding Agency</b> | <b>Amount</b> |           | <b>Researcher</b> | <b>Department</b>                               |
|-----------------------|---------------|-----------|-------------------|---|
| NIH                   | 132,788       |           | Cochran           | Psychology                                      |
| NIH                   | 389,126       |           | Minnick           | Division of Biological Sciences                 |
| NIH                   | 496,613       |           | McCrackin         | Animal Care                                     |
| NIH                   | 1,123,728     |           | Gerdes            | Center for Structural & Functional Neuroscience |
| NIH                   | 210,067       |           | Roberts           | Center for Environmental Health Sciences        |
| NIH                   | 60,392        |           | Samuels           | Division of Biological Sciences                 |
| NIH                   | 50,827        |           | Hill              | Division of Biological Sciences                 |
| NIH                   | 135,985       |           | Rosenzweig        | Division of Biological Sciences                 |
| NIH                   | 185,760       |           | Holian            | Center for Environmental Health Sciences        |
| NIH                   | 210,964       |           | Harris            | Public Community Health Sciences                |
| NIH                   | 142,901       |           | Bowler            | Chemistry                                       |
| NIH                   | 875,389       |           | Holian            | Center for Environmental Health Sciences        |
| NIH                   | 84,255        |           | Kavanaugh         | Center for Structural & Functional Neuroscience |
| NIH                   | 140,443       |           | Bridges           | Center for Structural & Functional Neuroscience |
| NIH                   | 132,987       | 472,208   | Poulsen           | Center for Structural & Functional Neuroscience |
| NIH                   | 114,523       |           | Calderon          | Center for Structural & Functional Neuroscience |
| NIH                   | 176,237       |           | Kavanaugh         | Center for Structural & Functional Neuroscience |
| NIH                   | 926,031       |           | Ward              | Center for Environmental Health Sciences        |
| NIH                   | 266,467       |           | Noonan            | Center for Environmental Health Sciences        |
| NIH                   | 895,584       |           | Holian            | Center for Environmental Health Sciences        |
| NIH                   | 114,671       |           | Hay               | Division of Biological Sciences                 |
| NIH                   | 421,525       |           | Grimes            | Center for Structural & Functional Neuroscience |
| NIH                   | 31,765        |           | Holian            | Center for Environmental Health Sciences        |
| NIH                   | 30,384        |           | Holian            | Center for Environmental Health Sciences        |
| NIH                   | 306,000       |           | Roberts           | Center for Environmental Health Sciences        |
| NIH                   | 54,450        |           | Holian            | Center for Environmental Health Sciences        |
| HRSA                  | 180,596       |           | Morin             | Pharmacy  |
| HRSA                  | 45,624        |           | Knee              | Social Work                                     |
