Welcome to Summer Orientation at The University of Montana!

Thanks for being with us during this important time in your life. The purpose of the Family Orientation Program is to welcome you to The University of Montana community—a community that recognizes the importance of families' support. This is a time when you can gather information about your new community and create relationships with people who will be important to your student's college experience.

We believe that developing a sense of belonging and acquiring knowledge and skills are two essential factors that contribute to the success of a University of Montana community member. Since we realize that families help lay the foundation for the community, we have provided Orientation as an opportunity for you to become an active member.

Important Information:

- Since the family program and student programs are separate, we encourage you to establish times to meet with your student during the program by reviewing the schedule of events together and identifying specific times and places to meet. Activities marked with an asterisk (*) in this schedule are offered jointly to families and students.
- The UM Advocates serve as our Small Group Leaders for your students (they're easily distinguishable by their special shirts and "Ask Me" buttons). Please take advantage of these staff members and their invaluable information and perspectives.
- If you have any questions or need more information, please don't hesitate to ask a staff member or stop by Orientation Central in the University Center. Orientation Central is open each day and will serve as information and message "headquarters" if you need to contact your student.

We hope your visit to UM and Missoula will be a positive experience. Since there is a wealth of information and activities provided during the next three days, your stay will also be a busy one. We encourage you to take advantage of the opportunities to enjoy beautiful western Montana. If there is anything we can do to improve your visit, please let us know!

Sincerely,
Karissa Drye, Orientation Director
Jed Liston, Juana Alcalá & Lacey Rieker of
Enrollment Services and Family Program

*What Students with Disabilities Should Know about Course Scheduling

Disability Services works with students to ensure that they have a level playing field at the University of Montana. For incoming students with disabilities creating a course schedule that takes into account the functional limitations of their disability can be a key factor in getting a good start at UM. Disability Services can provide the inside scoop on questions like, "How many credits should I attempt per semester?", "When should I take courses I have concerns about?", "How do I talk to my advisor about my disability?" The Disability Services staff will discuss the issues of advising on campus and are happy to answer question students and parents may have. Please join us.

University Center Room 331

*Travel the Globe

The University of Montana offers exciting opportunities to study abroad in one of 45 different countries through three different programs: UM faculty-directed programs, our partner university agreements with 50 foreign universities, and the International Student Exchange Program (ISEP). Attend this informational meeting to learn more about your opportunities.

University Center Room 326/327

*Your Future Begins Today

Academic and career planning are major aspects of being successful in both college and life. Attend this session to learn about how the office of Career Services can help you identify your chosen career path and pick the appropriate academic major. Need a job now? Learn about on and off-campus student employment opportunities.
