**TIGER Grants in Montana**

**POPLAR AIRPORT REDEVELOPMENT AND REGIONAL ACCESS PROJECT**

**APPLICANT/SPONSOR:** Assiniboine & Sioux Tribes of the Fort Peck Reservation  
**TIGER GRANT AWARD:** $968,829  
**TOTAL PROJECT COST:** $968,829  
**GRANT FUNDING:** $692,829

**PROJECT DESCRIPTION**
Relocation of the Poplar Airport presents an exciting opportunity to leverage tribal, federal and private funds to enhance the transportation system, improve housing, increase safety and create jobs in a tribal community that has long suffered from high unemployment, traffic injuries and deaths, health issues and an overall lack of economic opportunity. TIGER funding will be used to plan for multimodal transportation infrastructure linking residents to a new sustainable residential village and support quality of life amenities and businesses, while capturing economic opportunities along US Highway 2 which serves as a corridor to oil and gas development in eastern Montana and western North Dakota.

---

**APPLICANT/SPONSOR:** Missoula County  
**TOTAL PROJECT COST:** $5,480,363  
**GRANT FUNDING:** $4,580,363

**PROJECT DESCRIPTION**
TIGER funds will be used to construct a seven-mile bicycle trail running parallel to US Route 93 to connect the city of Missoula with the town of Lolo. The proposed route connects two regional bicycle trail networks that currently can only be traversed by on-highway travel. The project partners are strongly supported by public health and economic development agencies.
