Upon completion of this activity, attendees should be able to:

1. List 3 factors to consider when discussing pre-med insulin timing in the treatment of childhood diabetes
2. List 3 unique, pediatric-specific challenges related to continuous glucose monitoring (CGM) used in childhood diabetes
3. Be able to contrast the styles of motivational interviewing (MI) with more frequently used approaches
4. Identify 3 skills used in motivational interviewing
5. Identify sources and levels of diabetes-related psychological burden among people with diabetes and family members
6. Identify types of support desired and received by people with diabetes
7. Identify provider barriers to effective diabetes care
8. Describe the economic impact of non-adherence in the United States
9. Assess adherence issues in your patients
10. Develop strategies to collaborate with pharmacists
11. Identify and be able to review diagnostic criteria
12. Analyze nutritional therapy interventions and outcomes

Criteria for successful completion:
- Contact hours awarded based full attendance
- Complete the Evaluation Form following the activity

Speaker/Planner Disclosure Information

Planner(s):
- Sarah Brokaw
- Steve Helgerson
- Marci Butcher
- Chris Jacoby
- Susan Day
- Michelle Eckert

Speaker(s):
- James A Bennett
- Debra Guinn
- Mark Peyrot
- Marc Steinberg
- Michael Swinyard

No planners or presenters have a conflict of interest related to this conference except those noted below:

Presenter: Mark Peyrot
Description of Relationship: Consulting, Speaking & Teaching for Astra Zeneca, Calibra, Lilly, Novo Nordisk
On the advisory board for GlaxcoSmithKline, Lilly, Novo Nordisk

Dr. Peyrot agrees to not allow his affiliation with Astra Zeneca, Calibra, Lilly, Novo Nordisk, or GlaxcoSmithKline to be infused into the educational content of this activity.

Presenter: James A. Bennett
Description of Relationship: Consulting, Speaking & Teaching for the Johnson & Johnson Diabetes and for MT Department of Health Pharmacy Hypertension Program

Dr. Bennett agrees to not allow his affiliation with Johnson & Johnson Diabetes Institute or MT Department of Health Pharmacy Hypertension Program to be infused into the educational content of this activity. However, he is the owner if his own pharmacy, so no nursing contact hours can be awarded.

Thank you for attending the 18th Annual Montana Diabetes Professional Conference, we hope to see you next year!
