

The University of Montana had 941 students who were degree candidates for fall semester 2016. The Montana students listed below are UM degree candidates or have been awarded their degrees for fall semester 2016.

A single asterisk after the student's name indicates the student is expected to complete degree requirements and graduate with honors by achieving a GPA of 3.4 or higher. Double asterisks indicate the student is expected to complete degree requirements and graduate with high honors by achieving a 3.7 GPA or higher.

Official awarding of a degree and any official graduation with honors or graduation with high honors designation is not made until degree candidates have completed their final term of enrollment and have met all specific requirements.
