Students living in residence halls, University
Villages, and Lewis & Clark housing can contact their
student staff member or area coordinator for assis-
tance in accessing resources

THE UNIVERSITY OF MONTANA BIT IS A MEMBER OF NABITA
(NATIONAL BEHAVIORAL INTERVENTION TEAM ASSOCIATION)
BIT is a campus-wide team of appointed professionals responsible for assessing, and responding to serious concerns, distress and/or disruptive behaviors related to students that may threaten the health or safety of the campus community.

BIT serves an important role in the prevention and management of difficulties related to harm to self or others. For example, if a classmate or roommate shows a sudden change of behavior such as missing classes, or poor self-care, a concerned faculty, staff or student could contact a BIT co-chair or complete a BIT referral form. The BIT team reviews and discusses the best strategies to both help the student and manage the situation. And, if determined to be in their best interest, students of concern are contacted and referred to appropriate resources.

A REPORT CAN BE MADE ANONYMOUSLY

| when to report |
| are you worried about a student or friend who: |
Is withdrawn from activities or interests
Acts out, is disruptive or displays threatening behavior
Has severe changes in appearance and/or hygiene
Has concerning writings (grudges, morbid thoughts)
Is intimidating or exhibits illogical thinking
Has preoccupations or actions that could harm self or others
Who abuses substances
Brings relationship issues into the classroom or work
Shows self-injurious behaviors
Shows suicidal risk with a refusal to access Counseling Services

THE BEHAVIORS OF CONCERN MAY NOT NEED IMMEDIATE ATTENTION, BUT THEY ARE CONCERNING ENOUGH TO CAUSE WORRY
