To: Lee Tangedahl, Chair, ASCRC  
Re: HC 294 Advocacy Leadership Seminar

I am writing in support of the proposed new course, **HC 294 Advocacy Leadership Seminar**.

The Davidson Honors College has hosted this seminar every spring semester for the last three years under a special topic designation, and it is our firm intention to continue offering this course every spring semester for the foreseeable future.

This leadership seminar serves a valuable purpose for the students who are enrolled in it, by developing their knowledge of ethical leadership in an academic context, and for the University, by preparing a cadre of future leaders to serve as hosts for distinguished visitors and prospective students.

The Davidson Honors College is committed to providing adequate resources to sustain this course in future semesters, including classroom space (if needed) and appropriate staffing of the course by qualified faculty or affiliate faculty members.

I fully endorse this course and recommend its approval.

Sincerely yours,

James McKusick  
Dean of the Davidson Honors College  
Professor of English
