Summary

Course Form Action: UPDATE  Catalog Year: 2016-2017  Prefix: AHXR  Course #: 221  Course Title: Radiographic Imaging II  Course Dept.*: MC: Health Professions  Default subcommittee review: Forestry & Biomedical Science (ASCRC)

If the course requires review by more than one subcommittee due to interdisciplinary content please select: [Choose]

Course Changes*

Please check one or more of the following and enter the corresponding changes in the course catalog details:

- [ ] Course Title
- [ ] Description
- [ ] Learning Outcomes
- [ ] Other
- [ ] Other scheduling
- [ ] Other level
- [ ] Other course number
- [ ] Repeatability
- [ ] Credits
- [ ] Level
- [ ] Course Number

Justification/explanation*

For new courses please provide rationale for why the course is needed, how it fits with existing curriculum and whether there are curricular adjustments (see procedure 201.30.)

This course change is part of a proposed revision in Program Scope & Sequence. Under the proposal, didactic courses would be clustered in the first year, and clinical courses in the second year. This would eliminate overlapping clinical rotations among first and second-year students, reducing crowding at clinical sites and enhancing student success.

Other affected programs

Does this proposal affect other departments/programs because of:

• required courses including pre-requisites or co-requisites?
• perceived overlap in content areas?
• cross-listing of course work?
• program offers a teaching major or minor (choose Professional Education Council)?

If yes, click ADD and enter all affected departments/programs. If no, go to the next section.
