## Faculty Support Form

Updated: 7.20.17

UM BRIDGES is an NSF funded National Research Traineeship program focused on the nexus of food, energy, and water systems. UM BRIDGES Trainees have opportunities for a unique interdisciplinary, cross-campus training program, and are eligible for funding to support travel and supplies related to research at the food-energy-water nexus. More information can be found at [umt.edu/bridges](http://umt.edu/bridges).

This form must be submitted as part of the application process for prospective UM BRIDGES trainees. This form is intended to ensure that all prospective trainees have the support of their faculty advisor in completing the requirements of the UM BRIDGES traineeship.
