

## Note for Brief Illness

To Whom It May Concern:

\_\_\_\_\_ has requested a sick note from Curry Health Center's Medical Clinic for missed class. Curry Health Center, along with many college health centers nationwide, **does not routinely provide verification of brief illness forms to students requesting a medical excuse for missed classes or activities.** Common medical reasons for missing classes, exams or work (such as colds, headaches, nausea, vomiting, diarrhea, abdominal pain, dizziness, etc.) do not lend themselves to retrospective objective confirmation.

We encourage students to familiarize themselves with class attendance policies and to notify their faculty if they are unable to attend, preferably before class or the missed assignment.

Thank you,

Curry Health Center Medical Clinic
