Important Safety Information: RX ONLY. Indicated for patients with type 1 diabetes, 2 years and older and for patients with type 2 diabetes, 18 years and older.

WARNING: Control-IQ+ technology should not be used in anyone under the age of 2 years old with type 1 diabetes or under the age of 18 years old with type 2 diabetes. It should also not be used in patients who require less than a total daily insulin dose of 5 units of insulin per day or who weigh less than 20 pounds, as those are the required minimum values needed for Control-IQ+ to operate safely.
