

Sudden Cardiac Arrest In Athletes

Know the Facts!

Not Uncommon

Approximately 2000 Athletes
have a Cardiac Arrest Each Year

There have been THREE in MT in
2021

All Were Young and Physically Fit

Not Easy To Recognize

Cardiac Arrest in Athletes does
not look like a Cardiac Arrest

Many Times looks like a Seizure
or Asthma Attack

Delay in Care Increases Chance
of Death!

Learn How to Recognize & Treat

Schedule a One Hour Presentation on the Recognition and Treatment of
Cardiac Arrest in Athletes

Presented by Janet Trethewey, EdD, EMT
