The University will award elective credit to students presenting test scores in accordance with the recommendations of the American Council on Education (ACE) for Advanced Placement Tests (AP) and/or tests from the college level examination program (CLEP) of the college entrance examination board. The applicability of any and all AP and CLEP University credits to specific programs will be left to departmental discretion, unless a course equivalency has been established.

Students may apply AP credits toward graduation in accordance with the following criteria:

1. There is no limit to the number of credits that may apply.
2. The minimum score for AP Credit is 3. .
3. Individual departments determine whether individual AP courses are equivalent to specific courses in their curriculum. If an AP course does not have a specific course equivalent, ASCRC determines the amount of elective credit that will be granted for the course.
4. Credits toward general education requirements are based on course equivalencies where they exist, or else are determined by the General Education Committee.

[Existing course equivalences](#) are available on the Admissions' Website.
