### LOCATE CORK

### CORK QUICK FACTS:

- The World's first Steeplechase (type of horse race) was run in 1752 between the two steeples of Doneraile & Buttevant in Cork
- Cork has the oldest Yacht Club in the World founded in 1720
- In the 18th century, Cork had the largest butter market in the world.

### THE DREAM:

The “must go” place for me is Ireland because I believe it has such a rich history and culture. In addition, I am interested in learning first-hand how American culture compares and contrasts to Irish culture and European culture as a whole.
