

UM Interprofessional Education (IPE) Elective Offerings Fall 2024

AHHS 470 Friday Morning Medical Conference, 1 cr.

This course is a weekly presentation provided locally at Providence Saint Patrick Hospital and streamed live to the Skaggs building 174. A variety of relevant health care topics are presented by local, regional and national speakers. FMMC is sponsored and supported by Western Montana AHEC. Students attending will learn about a variety of concepts, medical approaches, and health-care related issues impacting health care practitioners in a variety of settings. A facilitated in-class activity or discussion will wrap up the session each week. The material presented each semester is different, so students can take the course more than once. The class will meet in-person each week on Friday mornings from 7:30-8:50 AM. (CRN 72399)

AHHS 430 Health Aspects of Aging, 3 cr. Online

Overview of the health aspects of aging in the United States including biological theories of aging, normal physiological changes associated with aging systems, common pathological problems associated with aging, cultural and ethnic differences in the health of elders, health promotion and healthy aging, and the health care continuum of care for older persons. Online fees apply. (CRN 71244)

PSYX 280 Fundamentals of Memory and Cognition, 3 cr.

Offered intermittently. Prereq., PSYX 100S. The acquisition and uses of knowledge. An examination of research and theories of human learning, memory, and thinking. TR 9:30 - 10:50 AM (CRN 71232)

KIN 460: ECG Assessment, 2 cr.

Restricted to juniors and seniors. Laboratory sessions combined with class sessions to understand electrocardiography and the assessment of electrocardiograms, both at rest and during exercise. TR 10:00 - 10:50 AM. (CRN 71131)

PUBH 525 Multicultural/Native American Public Health, 3 cr. Online

This course is designed to provide general overview of multicultural issues within the United States and specifically within Montana. The course will provide overview information about health disparities within the nation and how these disparities disproportionately impact ethnic minority populations. Montana's largest minority population is native American tribal communities. As a result, much of the course will incorporate advanced knowledge and topics relating to regional health disparities facing Native American communities. Additional online and program fees exist. (CRN 72434)

PUBH 530 Public Health Administration and Management, 3 cr. Online

Overview of public health and health care systems; organizational structures, authorities, policies and procedures; programmatic budgeting, operations, program performance reporting and improvement; grants and contracts; informatics; human relations and negotiation; management and leadership; and business planning. Additional online and program fees required. (CRN 71097)
