Moodle to Canvas Migration

K16 Solutions

Moodle Feature	Migrated to Canvas
Sections	Modules
Section descriptions	Descriptions are converted to a page that is named the same as the item with the word Description appended to it because each page name must be unique in Canvas. The new description page is inserted as the first item if the item is converted to a module, or it's inserted after the header that replaces the item.
Assignment	Assignment
Chat	Not supported
Choice	Quiz
Database	Not supported
External Tool	Varies by LTI provider.
