INTERNET:
UM provides both wired in-room internet service as well as a courtesy guest wireless network for campus visitors. The “grizzly-guest” wireless network uses open, unencrypted transmission and is not intended to send or receive sensitive information.

THINGS TO BRING:
Additional towels and/or robe, shower shoes, shower caddy, blow dryer, fan, personal coffee maker, and other personal care items. Air conditioning is not available, so bringing a fan is highly recommended.

OTHER IMPORTANT INFORMATION:
Guests must comply with the Face Coverings policy, which includes common spaces. In accordance with the State of Montana, the Missoula County Health Department, and the University of Montana, all students, faculty, staff, and guests are required to wear masks appropriately while on campus. Guests do not need to wear masks in their residential room/suite unless expected by other residents assigned to the same room/suite.

A parking decal is required to park on campus. Guests will be able to register for all their parking needs via the web. You will additionally be able to pay for fines through the same site. This equipment reads license plates and checks them for valid parking arrangements either by permit, guest pass or pay by hour. The key to this system is to accurately enter your license plate information. Please visit https://umt.t2hosted.com/Account/Portal for additional information.

Each resident is responsible for maintaining the cleanliness of their individual room. Custodial service is provided weekly for the two bathrooms within each suite. Participants will be charged for damage to the room, excessively dirty rooms, and lost access cards.
