Dear Montana Model UN Delegates and Advisors:

Welcome to the 61st Annual Montana Model UN (MMUN) High School Conference. Since 1966, students from Montana and surrounding states have attended MMUN to represent countries from around the world, debate international issues, and develop their skills in research, writing, public speaking, and negotiation.

This conference is made possible through the generous support of many people. UM students, faculty, and administrators work hard to make the conference a peak experience for all participants.

We would especially like to recognize the work of Secretary-General/Internal Gillian Honzel and Secretary-General/External Aiden Rohn. We are also grateful to the students in Political Science 337 (Model UN), who are staffing the committees. Special thanks to our teaching assistant for Model UN this year, Hogan O'Donnell.

In terms of financial support, we are very grateful to our three primary sponsors: UM's Department of Political Science, College of Humanities and Social Sciences, and Maureen and Mike Mansfield Center.

We hope you will enjoy the conference. Challenge yourself to speak up on important international issues. Talk with UM faculty and students. Visit our library, bookstore, and art galleries.

We are delighted you are here and hope you will consider making the University of Montana part of your academic future.

Sincerely,

Dominic Beccari, Adjunct Professor
Dr. Karen Ruth Adams, Professor

Department of Political Science
Montana Model UN Faculty Advisors

Dear Montana Model UN Delegates,

We are honored to serve as the Secretaries-General for the 2026 Montana Model UN Conference.

Welcome to the Montana Model UN conference. Whether this is your first time, or you are a seasoned delegate, we are thrilled to have you here. Over the next few days you will tackle complex global challenges through the lens of your country. As you debate your committee's topics, remember to represent your country realistically and diplomatically. In addition, as you write and negotiate draft resolutions, look for opportunities to collaborate with others. Many of the issues debated here will be solved only through sustained cooperation.

This year, 335 students from 15 schools across Montana and Idaho have registered to attend the conference. Together, you are representing 83 of the UN's 193 Member States. We hope your experience will be challenging and fun, and we look forward to seeing your resolutions to help address many of the world's largest problems.

If you have any questions about the topics being addressed in your committee or parliamentary procedure, please ask us or your committee staff. We are also here as representatives of the University of Montana, so feel free to talk with us about our experiences here at UM. MMUN is a great way to find out about college life!

Welcome to the UM campus, and good luck in your deliberations!

Sincerely,

Gillian Honzel
Secretary-General/Internal

Aiden Rohn
Secretary-General/External
