Upcoming Training

Health in All Policies

This training will give participants an opportunity to learn more about a Health in All Policies approach at the local level. Specifically, we will discuss the five key elements of a HiAP approach. Once we understand the framework well, we will look at five promising strategies for implementing HiAP initiatives at the local level. Participants will have an opportunity to apply these strategies to a local issue of their choosing during the webinar. The goal is for participants to create an outline of how to potentially implement a HiAP strategy for an important issue in their community.

Learning Objectives:

- Identify the 5 key elements of a HiAP approach
- Discover the 5 promising strategies of a HiAP
- Create an outline using the 5 promising strategies of a HiAP approach to an issue area within their communities
- Develop a list of indicators or next steps

Date: 11/3/23

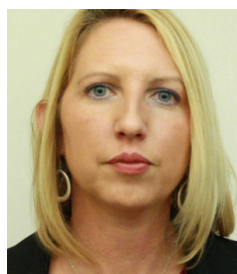

Time: 10am-12pm (MDT)

Cost: FREE

Location: Online via Zoom

Trainer: Trisha Miller

This learning opportunity is funded by
