Yellowstone National Park Internship for Native American Students Summer 2021 (10 weeks during June – August)
You will work with National Park Service employees and volunteers in a stunning landscape.

Archaeology Internship:
The archaeology intern will work with the Park Archaeologist as part of a team responsible for inventory, monitoring, evaluation, and management of cultural resources within the park, and will gain experience in fieldwork, laboratory work, and data management.

Undergraduates and graduate students from all majors are encouraged to apply!
Applications deadline: February 1, 2021.
Applicants should include:
A short statement of purpose
A Resume or CV
Contact information for two references
Tribal Affiliation
