**Notes:**

Rev 9/21

- This degree template can be adapted for students who are not ready to take M 171 (Calculus I) in their first semester.
- Up to 12 of the 18 credits in Science Electives can be replaced by a minor or a second major.
- Student can add a concentration in Applied Mathematics, Combinatorics & Optimization, Pure Mathematics or Statistics by choosing part of their Math Electives from the chosen area. Students interested in Mathematics Education must follow the **degree template for Mathematics Education**.
- Details regarding the Math and Science Electives are in the Catalog and on Degree Works. Choose these courses in consultation with your math advisor.
- Details regarding the General Education course work are in the Catalog and on Degree Works. Choose these courses in consultation with an advisor. In particular, take WRIT 101 as early as possible.
- Students not completing the General Education language requirement must take one of several computer sciences courses as part of their Science Electives.
- 39 upper-division (300+ course) credits are required.
