THE OFFICE FOR
**STUDENT
SUCCESS**

For information on campus tutoring options and updated schedules, visit umt.edu/tutoring.

The Writing and Public Speaking Center works with all students as they write papers or prepare presentations in any discipline, with no additional cost. We help students interpret assignments, generate and organize ideas, edit prose, synthesize and integrate research, develop timed writing strategies, and deliver presentations.

Visit umt.edu/writingcenter to make an appointment.

Math Tutoring

Free, drop-in math tutoring for any student taking developmental and 100-level math courses including STAT 216: Intro to Statistics.

Math Learning Center
Basement of Math building

EdReady Montana provides a free online assessment for participating students to gauge their readiness for college-level math coursework and to refresh their math skills through online tutorials customized for their specific math pathway. Lauren Fern, EdReady Montana Coordinator and math instructor at UM, provides direct assistance to students as they work through their customized tutorial. Successful completion of EdReady often negates the need for participating students to enroll in developmental coursework or take a math placement exam. This saves students time and tuition and fee expenses.

To learn more about EdReady Montana and to sign up, visit umt.edu/edready.

Free drop-in group tutoring during the semester for a variety of classes in the sciences and other disciplines.

Visit umt.edu/study-jam for an updated schedule and a full list of courses supported.

The Undergraduate Advising Center is the academic advising home for Undeclared, freshman Media Arts, Pre-Nursing, & Pre-Medical and Pre-Physical Therapy students whose primary majors are Undeclared. The UAC also provides supplemental drop-in advising assistance for all students.

Visit umt.edu/uac for weekly virtual drop-in hours.

Who is your advisor?

Visit the advising directory at umt.edu/advising for a list of major and minor specific contacts and links to departmental websites.

Want to graduate in four years? The Four Bear Program is here to help. Through informational workshops and graduation planning, students can ensure they stay on track with degree requirements and make the most of their time at UM.

Visit umt.edu/fourbear for more information.

The Exploratory Studies Program, gives undecided students the opportunity to explore multiple majors through seven advising tracks: Environment and Sustainability; Humanities; Science, Math & Technology; The Arts; Commerce & Communication; Health Sciences; and Societal & Behavioral Sciences.

Visit umt.edu/oss/esp for more information.

Call (406) 243-2800 or schedule through Navigate to sign up for a one-on-one financial counseling session.

Visit umt.edu/financial-education

Student Loans – Understand the loans already taken out, design a strategy to avoid overborrowing, and know the payment/forgiveness options available so student loans can be paid off as quickly as possible

Financial Aid Package – Understand the aid offered and the ramifications of accepting that aid

Budgeting – Balance long-term goals against short term needs

Credit – Learn how to use credit wisely, build a strong credit score and pay off credit card debt

Savings – Save money in order to reach your financial goals

The KPCN Student Multimedia Production group provides tutorial videos for everything from registration to graduation. Produced by UM students, these videos walk through graduation planning, student success, and financial smarts. They also highlight unique academic majors and programs.

Visit the KPCN library at umt.edu/kpcn.
