Dear Faculty,

Applications for Student Instructional Equipment Fee funding for fiscal year 2025 are now open!

Proposals must include the following:

Description of the project, including rationale and implementation

Estimated number of students impacted

Quotes for full cost and any cost shares

Plan for maintenance and support

Instructional equipment and technology innovations directly serving students are a priority.

Expenses for products or services that make technology more readily available to students may be considered.

Applications can be submitted through UM Solutions until April 2, 2024.

Please see the Office of the Provost’s Student Instructional Equipment Fee Committee page or contact Alicia Houghtaling with any additional questions.
