

## Disciplinary Categories

This presentation aggregates programs into disciplinary categories. These categories are not directly tied to specific college, departmental and administrative structures but are grouped using the first two digits of the assigned “Classification of Instructional Programs (CIP) codes for the program and recorded in the UM Central Degree Inventory (CDI), the OCHE program inventory, and by our accreditors at NWCCU. These CIP codes feed into data reported to the “*Integrated Postsecondary Education Data System*” (IPEDS). “The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity.”<sup>1</sup>

## CIP Codes

Some two-digit CIP codes cut across disciplinary categories - business and STEM both have 11 (MIS and CS, respectively). Arts and Media and Social Sciences both have 9 (journalism and communications, respectively). Some units that are categorized under CIP as Humanities were placed in **Interdisciplinary Studies** to reflect their mission more accurately at UM.

09.0401	Arts and Media	Journalism
09.0799	Arts and Media	Radio, Television, and Digital Communication, Other
15.0307	Arts and Media	Audio Engineering Technology/Technician
50.0101	Arts and Media	Visual and Performing Arts, General
50.0301	Arts and Media	Dance, General
50.0411	Arts and Media	Game and Interactive Media Design
50.0501	Arts and Media	Drama and Dramatics/Theatre Arts, General
50.0602	Arts and Media	Cinematography and Film/Video Production
50.0701	Arts and Media	Art/Art Studies, General
50.0999	Arts and Media	Music, Other
11.1003	Business	Computer and Information Systems Security/Auditing/Information Assurance
52.0201	Business	Business Administration and Management, General
