Dear UM Community,

The Registrar's Office and IT staff are preparing to install and launch an upgrade to the Student Services section of CyberBear in the coming weeks.

Part of this upgrade requires some downtime today for CyberBear and Banner behind-the-scenes work. This will occur around noon and will be down for roughly 15 minutes.

The final upgrade will be done in March or April. It will include updates to the Student Menu in CyberBear along with other improvements. We will provide step-by-step navigation instructions in advance.

Stay tuned for future campus communications with additional information and hyperlinks.

As always, please do not hesitate to contact us with questions at registration@umontana.edu.

Maria Mangold
University Registrar
