

LEARN.

UNDERSTAND.

DECIDE.

We've come a long way since COVID-19 threatened our health and disrupted our lives. As we move forward, we have a shot for a healthier tomorrow—but many of us still have questions. The COVID-19 vaccine helps your immune system defend itself without using the virus or risking an infection of the disease.

Getting vaccinated protects yourself, and others, and is an important decision to help end this pandemic. **TOGETHER.**
