

Are you a rural person with a disability who receives personal assistance services in your home?

We want to hear your story!

We are currently conducting a study on rural personal assistance services and are looking for people in Wisconsin to be interviewed over the phone or via video chat.

We want to learn about your disability, the types of personal assistance services you receive, what your workers are like, how you train them, and about your general community and health experiences.

If you decide to participate in this project, you will:

- Complete a one-on-one interview, which will last about 1 hour
- Receive \$30 for your time

Contact **Rayna Sage** to sign up!

Email: **ruralPAS@mso.umt.edu**

Phone: **406-243-5233**

Participating in research is voluntary. It won't affect your services if you decide not to call about the study or decide not to participate.

Sincerely,

The Rural Personal Assistance Services Project Team
