How can you make a change? What is it that you want to explore? How can we work together to bring a topic into the light? We have a way to be the change. Please join us and take part in the S.E.A. Change at the University of Montana.

Through Communiversity, you can choose to be a mentor — an experienced adult who is willing to give time and talent to make a difference to a mentee — a younger person in our community who may be filled with ideas but needs assistance in implementing. Through this program, we can change the future, one project at a time.

UM will work in the next few weeks to pair mentors and mentees. Together, you will work on a project showcased on campus this spring. A joining of the minds, a blending of spirits, a rising of wills — you decide what it is and how you will present it. UM will provide the forum and the venue. You provide the ideas and the inspiration.

Help us make a S.E.A. Change. Be a part of the Communiversity of Change.
