

Temporary Confirmation of VA Estimated Credit Contract

- This agreement allows a student who has, out of his/her control, not yet provided the VETS Office with the required qualifying documentation to be provided with the VA Estimated Credit confirmation of aid in order to pay his/her registration bill.
- If the VA does not pay the expected amount, the student agrees to pay current semester registration bill in full by the last day of the semester or have a plan in place with Business Services on how the registration bill will be completely paid.
- This agreement is for a temporary basis, not to exceed the semester in which the agreement is signed.
- By signing this agreement, the student understands and agrees that the full charges on his/her University of Montana student account are his/her sole responsibility.
- Once all required documentation is received, this contract becomes null.

I, _____, understand that this agreement is temporary, not to exceed one (1) semester, until all required documentation is provided to the VETS Office and it meets all program requirements. I also understand and agree to all of the above-listed Agreement requirements. If I am not awarded a tuition and fees payment from the VA, I agree to pay the balance on my student account. I will pay any balance on my student account by the end of the semester in which this contract is signed or have a signed plan in place with Business Services regarding the payment of my student account.
